Corpses in Belgian Anatomy, 1860-1914 Tinne Claes, 2019-11-20 This book tells the story of the thousands of corpses that ended up in the hands of anatomists in the late nineteenth and early twentieth centuries Composed as a travel story from the point of view of the cadaver this study offers a full blown cultural history of death and dissection with insights that easily go beyond the history of anatomy and the specific case of Belgium From acquisition to disposal the trajectories of the corpse changed under the influence of social policies ideological tensions religious sensitivities cultures of death and broader changes in the field of medical ethics Anatomists increasingly had to reconcile their ways with the diverse meanings that the dead body held To a certain extent as this book argues they started to treat the corpse as subject rather than object Interweaving broad historical evolutions with detailed case studies this book offers unique insights into a field dominated by Anglo American perspectives evaluating the similarities and differences within other European contexts **Introductory**

Lecture Before the Anatomical Class of the University of Pennsylvania William E. Horner, 1848 *Polemic* Jane Gallop, 2012-11-12 These new essays by leading scholars examine some famous and less well known instances of polemical encounters The essays are enhanced by an interview with Gayatri Spivak specially conducted by Jane Gallop for this volume Historically rigorous theoretically astute and sometimes wickedly funny Polemic makes criticism a critical issue

Convention Held in 1867 and 1868 in the City of Albany New York (State). Constitutional Convention, 1868 **Here's Looking at You** Ernest D. Giglio, 2010 Now in its third edition Here's Looking at You Hollywood Film and Politics examines the tangled relationship between politics and Hollywood which manifests itself in celebrity involvement in political campaigns and elections and in the overt and covert political messages conveyed by Hollywood films The book's findings contradict the film industry's assertion that it is simply in the entertainment business and examines how while the majority of Hollywood films are strictly commercial ventures hundreds of movies ranging from Birth of a Nation to Capitalism do indeed contain political messages This new edition has been updated with new photos and cartoons and includes two new chapters one on Afghan Iraqi war films and the other on the treatment of race and gender in Hollywood films that are sure to stimulate discussion Here's Looking at You serves as a basic text for political film courses and as a supplement in American government and film studies courses and will also appeal to film buffs and people in the film industry *Report of the proceedings and debates of the Convention for the revision of the constitution of the State of New York, 1867 - 68 ,1868*
