Bilingual Language Development: The Role of Dominance Cornelia

Hamann,Esther Rinke,Dobrinka Genevaska-Hanke,2019-09-20 It has long been established that bilingual speakers are rarely balanced in their languages so that one language is dominant The contributions to the Research Topic Bilingual Language Development The Role of Dominance focus on the potential effects of language dominance on the competence and processing of bilinguals covering a large variety of language combinations and domains Important aspects of such work are the interplay of L1 maintenance attrition and possible L2 dominance the direction of cross linguistic influence CLI or code mixing as well as the effects of bilingualism on cognitive development each addressed in several contributions However such research presupposes a definition of dominance which is far from being settled This gives rise to considerable differences in the operationalization of the concept across studies The studies in this Research Topic present a multifaceted picture of the role of language dominance for L1 maintenance attrition L2 development and CLI Though a unified story cannot emerge for such a complex subject interesting new venues are explored including the impact of dominance shift during L1 re exposure comparisons of different types of bilingual groups or operationalization of dominance through experiential measures The variety of approaches and results is in part owed to the many language combinations studied and the fact that bilingual children adults and atypical speakers are investigated This diversity constitutes the interest of this Research Topic

Wetlands: Ecosystem Services, Restoration and Wise Use Shuqing An, Jos T. A. Verhoeven, 2019-07-04 This volume explores major wetland ecosystem services such as climate cooling and water quality improvement and discusses the recent wetland conservation and restoration activities in China and neighboring countries The role of wetlands in either cooling or warming the climate is analyzed as the net balance between carbon sequestration and emissions of methane and nitrous oxide Wetlands start off having a net warming effect on the climate but in time switch to net cooling Further they remove 40% of the N and P from run off and groundwater flow in agricultural areas but wetlands need to amount to 10% of the total catchment area to make a difference Reflecting on the recent large investment in wetland ecological studies in China and neighboring countries the book addresses invasive species in coastal wetlands as well as the protection and wise use of tidal flats around the Yellow Sea It also presents promising regional case studies on wetland restoration The book is intended for academics students and practitioners in the field of wetland ecology management and restoration as well as consultants and professionals working in conservation wise use and environmental policy

How We Take Action Kelly Frances Davidson, Stacey Margarita Johnson, L. J. Randolph, 2023-05-01 How We Take Action brings together practical examples of social justice in language education from a wide range of contexts Many language teachers have a desire to teach in justice oriented ways but perhaps also feel frustration at how hard it is to teach in ways that we did not experience ourselves as learners and have not observed as colleagues As a profession we need more ideas more examples and wider networks of allies in this work This book includes the work of 59 different authors including teachers and researchers at every level from Pre K to postsecondary representing different backgrounds languages and approaches to classroom practice Organized into three sections some of the chapters in this collection report on classroom research while others focus on key practices and experiences Section I is entitled Inclusive and Empowering Classrooms In this section

authors take a critical approach to classroom practices by breaking with the status quo or creating spaces where students experience safety access and empowerment in language learning experiences Section II Integration of Critical Topics addresses a variety of ways teachers can incorporate justice oriented pedagogies in day to day instructional experiences Social justice does not happen haphazardly it requires careful critical examination of instructional practices and intentional planning as instructors hope to enact change Section III Activism and Community Engagement explores how teachers can empower students to become agents for positive change through the study of activism and constructive community engagement programs at local and global levels ENDORSEMENTS This volume brings an important diversity of voices contexts and collaborations to the ongoing conversations about social justice in language education University experts in social justice in language education and nationally celebrated K 12 language teachers are included along with experienced practitioners whose voices are often not prioritized in scholarship The volume serves as an invitation to the reader to engage reflect consider and examine different approaches to teaching for social justice Chapters bring in feminist pedagogies critical pedagogies LGBTQ affirming pedagogies anti bias and anti racist approaches decolonial lenses critical media literacies and more Everyone who picks up this volume will find at least one piece that immediately resonates with them and then will be inevitably drawn in to the other engaging and thoughtful chapters Pamela M Wesely The University of Iowa This book is a must read for those interested in social justice in language education The range of authors topics languages institutional contexts and pedagogies is staggeringly impressive and will provide any reader with ideas and inspiration for taking action in and out of the language classroom Kate Paesani University of Minnesota This excellent volume replete with thoroughly researched strategies for promoting social justice in PK 16 world language instruction could not have come at a more critical time in the United States when anti democratic forces are mobilizing against equity and justice oriented education We in the field of language education are very fortunate to have this collection of work from more than 50 language learning scholars and practitioners who remind us that making our classrooms more equitable inclusive and grounded in justice is part of doing our jobs more effectively What s more the volume clearly demonstrates its prioritization for inclusivity by providing robust support for those who teach young learners at the pre kindergarten through grade 3 levels a population woefully underrepresented in language teaching literature and for topics that have been unjustly ignored in language education such as racism sexism and the needs of LGBTQIA learners This is a clear demonstration of the volume s uniqueness in its vast breadth of scope and attention which is the book s most valuable feature and why it will serve our field wonderfully for many years to come Uju Anya Carnegie Mellon University
