Ensuring Quality in Professional Education Volume II Karen Trimmer,Tara Newman,Fernando F. Padró,2019-01-11

This book examines quality teaching in professional education in the fields of engineering and international knowledge structures The second of a two volume series the editors and contributors structure the book around case studies which highlight the elements constituting good practice within professional education While there is no one specific route to prepare well qualified professionals this volume explores the decisions the academics responsible for delivering this education make to ensure quality curricula Ultimately the key to effective preparations rests with the value employers place on the focus emphasis and balance between the academic and practical in relation to their own expectations for skills that graduates must have The second volume in this collection will appeal to students and scholars of professional pedagogy and engineering pedagogy more specifically

Syncretism and Christian Tradition Ross Kane,2020-11-26 Studying the history of syncretism s use indicates wider interpretative problems in religious studies and theology regarding race and revelation It also indicates the importance of seeing tradition as adaptive and amalgamating rather than static In theology and religious studies alike discourses of syncretism are positioned within racialized perceptions which construct a center and periphery based upon white European knowledge In Christian theology more specifically syncretism s use also shows ways that theologians try to protect the category of divine revelation from human interference leading to interpretative problems that sidestep material history

Christian Theology and the Secular University Paul A. Macdonald, Jr.,2017-02-24 If the secular university by definition is non sectarian or non denominational then how can it accommodate a discipline like Christian theology Doesn t the traditional goal of theological study which is to attain knowledge of the divine fundamentally conflict with the main goal of secular academic study which is to attain knowledge about ourselves and the world in which we live So why should theology be

admitted or even care about being admitted into secular academic life And even if theology were admitted what contribution to secular academic life could it make Working from a Christian philosophical and theological perspective but also engaging a wide range of theologians philosophers and religious studies scholars Christian Theology and the Secular University takes on these questions arguing that Christian theology does belong in the secular university because it provides distinct resources that the secular university needs if it is going to fulfill what should be its main epistemic and educative ends This book offers a fresh and unique perspective to scholars working in the disciplines of theology philosophy and religious studies and to those in other academic disciplines who are interested in thinking critically and creatively about the place and nature of theological study within the secular university

Believing Women in Islam Asma Barlas, 2019-01-16 Does Islam call for the oppression of women Non Muslims point to the subjugation of women that occurs in many Muslim countries especially those that claim to be Islamic while many Muslims read the Qur'an in ways that seem to justify sexual oppression inequality and patriarchy Taking a wholly different view Asma Barlas develops a believer's reading of the Qur'an that demonstrates the radically egalitarian and antipatriarchal nature of its teachings Beginning with a historical analysis of religious authority and knowledge Barlas shows how Muslims came to read inequality and patriarchy into the Qur'an to justify existing religious and social structures and demonstrates that the patriarchal meanings ascribed to the Qur'an are a function of who has read it how and in what contexts She goes on to reread the Qur'an's position on a variety of issues in order to argue that its teachings do not support patriarchy To the contrary Barlas convincingly asserts that the Qur'an affirms the complete equality of the sexes thereby offering an opportunity to theorize radical sexual equality from within the framework of its teachings This new view takes readers into the heart of Islamic teachings on women gender and patriarchy allowing them to understand Islam through its most sacred scripture rather than through Muslim cultural practices or Western media stereotypes For this revised edition of *Believing Women in Islam* Asma Barlas has written two new chapters Abraham's Sacrifice in the Qur'an and Secular Feminism and the Qur'an as well as a new preface an extended discussion of the Qur'an's wife beating verse and of men's presumed role as women's guardians and other updates throughout the book

The Promise of Piety Arsalan Khan, 2024-02-15 In *The Promise of Piety* Arsalan Khan examines the zealous commitment to a distinct form of face to face preaching dawat among Pakistani Tablighis practitioners of the transnational Islamic piety movement the Tablighi Jamaat This group says that Muslims have abandoned their religious duties for worldly pursuits creating a state of moral chaos apparent in the breakdown of relationships in the family nation and global Islamic

community Tablighis insist that this dire situation can only be remedied by drawing Muslims back to Islam through dawat which they regard as the sacred means for spreading Islamic virtue In a country founded in the name of Muslim identity and where Islam is ubiquitous in public life the Tablighi claim that Pakistani Muslims have abandoned Islam is particularly striking The Promise of Piety shows how Tablighis constitute a distinct form of pious relationality in the ritual processes and everyday practices of dawat and how pious relationality serves as a basis for transforming domestic and public life Khan explores both the promise and limits of the Tablighi project of creating an Islamic moral order that can transcend the political fragmentation and violence of life in postcolonial Pakistan

The Holy Spirit as Person and Power Rob Yule, 2020-01-10 In just over one hundred years the Pentecostal charismatic movement has transformed world Christianity Noted for their rediscovery of spiritual gifts and commitment to world evangelization 700 million Pentecostals and charismatics now account for more than 27 percent of the global Christian movement The Pentecostal charismatic movement has been more noted for its activism than for theological reflection But this may be changing The Holy Spirit as Person and Power challenges traditional theology to take account of what has been disclosed in the dynamism and variety of charismatic experience The author is a theologically trained practitioner impacted in midlife by a transforming experience of the Holy Spirit He has been a hands on leader in the renewal movement Now in his later years he reflects on the meaning of the grace imparted to the church by the renewing activity of God's Spirit This is not the work of an enthusiast claiming a new revelation Rather the author draws attention to many nuances in the Bible's description of the Spirit that have been overlooked in traditional pneumatology By relating these insights to Orthodox Catholic Protestant and

evangelical theology he has produced a book with ecumenical implications for all branches of world Christianity *The Oxford Handbook of the Bible in Orthodox Christianity* Eugen J. Pentiu, 2022 The Oxford Handbook of the Bible in Orthodox Christianity is designed to demonstrate how Orthodox Christian namely Eastern Greek Slavic Romanian Antiochene and Oriental Syriac Coptic Ethiopian and Armenian communities have received shaped and interpreted the Christian Bible The basic hallmark of Orthodox Christianity a unique mix of strictness tradition and flexibility innovation modernity is detectable at the level of text canon Scripture Tradition relationship and mostly in the area of biblical hermeneutics The Oxford Handbook of Hebrews and the Catholic Epistles Patrick Gray, 2024 The study of Hebrews and the Catholic Epistles was never truly confined to their place in fraught ecclesiastical disputes Recent decades have witnessed a resurgence of interest in these writings The present volume seeks to assess the relevance of these works to various questions that are often posed to other parts of the New Testament canon to report on the current state of scholarship devoted to the interpretive issues they raise and to survey their rich and often overlooked afterlives

The Eusebian Canon Tables Matthew R. Crawford, 2019-05-06 One of the books most central to late antique religious life was the four gospel codex containing the Gospels of Matthew Mark Luke and John A common feature in such manuscripts was a marginal cross referencing system known as the Canon Tables This reading aid was invented in the early fourth century by Eusebius of Caesarea and represented a milestone achievement both in the history of the book and in the scholarly study of the fourfold gospel In this work Matthew R Crawford provides the first book length treatment of the origins and use of the Canon Tables apparatus in any language Part one begins by defining the Canon Tables as a paratextual device that orders the textual content of the fourfold gospel It then considers the relation of the system to the prior work of Ammonius of Alexandria and the hermeneutical implications of reading a four gospel codex equipped with the marginal apparatus Part two transitions to the reception of the paratext in subsequent centuries by highlighting four case studies from different cultural and theological traditions from Augustine of Hippo who used the Canon Tables to develop the first ever theory of gospel composition to a Syriac translator in the fifth century to later monastic scholars in Ireland between the seventh and ninth centuries Finally from the eighth century onwards Armenian commentators used the artistic adornment of the Canon Tables as a basis for contemplative meditation These four case studies represent four different modes of using the Canon Tables as a paratext and illustrate the potential inherent in the Eusebian apparatus for engaging with the fourfold gospel in a variety of ways from the philological to the theological to the visual

Christ the Center Tomas Bokedal, 2023-08-23 Scripture is a beautiful mosaic of Christ The earliest Christians expressed their faith with creativity through symbols and summaries In *Christ the Center* Tomas Bokedal explores the relationship of the rule of faith nomina sacra and numerical patterns with Scripture The nomina sacra scribal reverence for divine names within Scripture display remarkable intentionality and theological reflection The nomina sacra in turn directed the emerging rule of faith These scribal practices reveal early devotional and theological

preoccupation and guided the text's shape and interpretation in the early centuries after Christ. Christ the Center showcases early Christian reverence for Scripture and especially for the One of whom Scripture speaks. *Onomastics between Sacred and Profane* Oliviu Felecan, 2019-06-28 Religiously God is the creator of everything seen and unseen thus one can ascribe to Him the names of His creation as well at least in their primordial form. In the mentality of ancient Semitic peoples naming a place or a person meant determining the role or fate of the named entity as names were considered to be mysteriously connected with the reality they designated. Subsequently God gave people the freedom to name persons, objects and places. However people carried out this act precisely in relation to the divinity either by remaining devoted to the sacred or by growing estranged from it an attitude that generated profane names. The sacred/profane dichotomy occurs in all the branches of onomastics such as anthroponymy, toponymy and ergonymy. It is circumscribed to complex and interdisciplinary analysis which does not rely on language sciences exclusively but also on theology, ethnology, sociology, psychology, philosophy, anthropology, geography, history and other connected fields as well as culture in general. Despite the contributors' cultural diversity, 29 researchers from 16 countries (England, Finland, Germany, Hungary, Italy, Japan, Jordan, Kenya, Nigeria, Poland, Romania, Russia, South Africa, Spain, U.S.A. and Zimbabwe) on four continents and their adherence to different religions and faiths, the studies in *Onomastics between Sacred and Profane* share a common goal that consists of the analysis of names that reveal a person's identity and behavior or the existence, configuration and symbolic nature of a place or an object. One can state that names are tightly connected to the surrounding reality be it profane or religious in every geographical area and every historical period and this phenomenon can still be observed today. The particularity of this book lies in the multicultural and multidisciplinary approach in theory and praxis. *The Oxford Handbook of Pauline Studies* Matthew V. Novenson, R. Barry Matlock, 2022-03-10 The *Oxford Handbook of Pauline Studies* brings together a diverse international group of experts on the apostle Paul. It examines the authentic texts from his own hand, other ancient texts falsely attributed to him, the numerous early Christian legends about him and the many meanings that have been and still are made of these texts to give a twenty-first century snapshot of Pauline Studies. Divided into five key sections, the Handbook begins by examining Paul, the person, a largely biographical sketching of the life of Paul himself to the limited extent that it is possible to do so. It moves on to explore Paul in context and Pauline Literature, looking in detail at the letters, manuscripts and canons that constitute most of our extant evidence for the apostle. Part Four uses a number of classic motifs to describe what modern experts describe as Pauline Theology and Part Five considers the many productive reading strategies with which recent interpreters have made meaning of the letters of Paul. It is demonstrated that reading Paul is not and never has been just one thing. It has always been a matter of the particular questions and interests that the reader brings to these very generative texts. The *Oxford Handbook of Pauline Studies* thoroughly surveys the state of Pauline studies today, paying particular attention to theory and method in interpretation. It considers traditional approaches alongside recent approaches to Paul, including gender, race and

ethnicity and material culture Brought together the chapters are an ideal resource for teachers and students of Paul and his letters

Cicero's Catilinarians D. H. Berry, 2020 The Catilinarians are a set of four speeches that Cicero while consul in 63 BC delivered before the senate and the Roman people against the conspirator Catiline and his followers Or are they Cicero did not publish the speeches until three years later and he substantially revised them before publication rewriting some passages and adding others all with the aim of justifying the action he had taken against the conspirators and memorializing his own role in the suppression of the conspiracy How then should we interpret these speeches as literature Can we treat them as representing what Cicero actually said Or do we have to read them merely as political pamphlets from a later time In this the first book length discussion of these famous speeches D H Berry clarifies what the speeches actually are and explains how he believes we should approach them In addition the book contains a full and up to date account of the Catilinarian conspiracy and a survey of the influence that the story of Catiline has had on writers such as Sallust and Virgil Ben Jonson and Henrik Ibsen from antiquity to the present day
