Necessity and Proportionality in International Peace and Security Law Claus Kreß, Robert Lawless, 2021 There are legal limits on the circumstances under which states may use military force to address a perceived or actual threat. The concepts of necessity and proportionality are central to these limitations imposed by the law. Necessity and Proportionality in International Peace and Security Law explores the many ways in which necessity and proportionality arise in the law on the modern battlefield which is rapidly changing, complex and ambiguous.

New Directions in War and Culture Studies Martin Hurcombe, 2025-02-05 This edited volume explores the new directions emerging in the field of war and culture through six essays that examine conflicts and their cultural legacy from the First World War to the ongoing conflict in Ukraine. The first two essays focus on the French experience of the World Wars through first a study of trench poetry and then the sexual experiences of POWs in Germany. The next two essays focus on gendered and especially women's experiences of conflict through first a study of women's war labour in the British army and then analysis of women photojournalists' role in promoting the adoption of Vietnamese babies in the USA. This volume concludes with two essays focusing on twenty-first century conflict. The first explores representations of veterancy in contemporary Romanian fiction and the second the phenomenon of fanvids in relation to the ongoing conflict in Ukraine. Originally published as a special issue of the Journal for War Culture Studies, the book indicates new directions of travel for this sub
