The Laws of Plato, 1976 **Plato: Statesman** C. J. Rowe, 1995-01-15 Until now no English translation existed of the Statesman one of Plato's central works on politics and on much else besides which was both accurate and usable nor was there a modern commentary which would help the reader through the argument which was in some parts likely to be inaccessible without a guide This new edition fills both gaps being aimed especially like other volumes in the Aris Phillips series of texts at students and other readers with little or no knowledge of the original language This dialogue is of interest to philosophers and students of political theory as well as to classicists Greek text with facing translation notes and introduction

The Laws of Plato the Law of Plato , **Studies on the Reception of Plato and Greek Political Thought in Victorian Britain** Kyriakos Demetriou, 2023-04-14 This collection of essays focuses on the reception of Plato and Greek political thought in the work of some major pre Victorian classical scholars and expands on a remarkable range of hotly debated issues on the interpretation of Greek antiquity The central figure in this volume is the radical philosopher utilitarian and Platonist George Grote whose works on the history of Greece and Plato moved away from traditional models of classical interpretation His works and their background are critically explored in light of his philosophical commitment and political radicalism Article IV brings to light a forgotten manuscript by Grote On the Character of Socrates produced in the 1820s Grote sought to counter the current literature on ancient Greece and its predominant motifs which is here examined in its own right along with an independent study on Bishop Connop Thirlwall's influential History of Greece The second half of this volume is devoted to analyzing important aspects of the revival of Platonic studies in the ideological and discursive context of early and middle Victorian times This collection of essays presents comprehensive and illuminating contextual analyses of nineteenth century works on classical reception providing simultaneously a rich bibliographic guide to further research
