Solutions, 2013-05-07 Every year thousands of private pilots buy a FAR AIM with the intention of studying the regulations My
estimate is that the average pilot spends less than 20 hours a year using the FAR AIM manual to increase their knowledge
Pilots have good intentions of studying but the lack of use is mainly due to the poor study format of the FAR AIM The end
result is that pilots understand only a small number of regulations This study guide is going to change that The Federal
Aviation Regulations Study Guide for the Private Pilot is presented in a very study friendly format Our professional pilot staff
reviewed all of the FARs and selected the regulations that apply to private pilots Those regulations were then formatted into
a study guide format with questions answers and additional information Whether you are preparing for your private pilot
