VOLVO

Foreword

The descriptions and service procedures contained in this manual are based on designs and methods studies carried out up to September 1991.

The products are under continuous development. Vehicles and components produced after the above date may therefore have different specifications and repair methods. When this is judged to have a significant bearing on the manual, supplementary service bulletins will be issued to cover the changes.

The new edition of the manual will update the changes.

In service procedures where the file incorporates an operation number, this is a reference to V.O.T. (Volvo Standard Times).

Service procedures which do not include an operation number in this file are for general information and no reference is made to V.O.T.

The following kinds of observations, cautions and warnings are used in the Service Documentation.

Note: Indicates a procedure, practice, or condition that must be followed in order to have the vehicle or component function in the manner intended.

Caution: Indicates an unsafe practice where damage to the product could occur.

Warning: Indicates an unsafe practice where personal injury or serious damage to the product could occur.

Danger: Indicates an unsafe practice where serious personal injury or death could occur.
