Flame Retardant Selection for Polymers Henri Vahabi, Mohammad Reza Saeb, Günter Beyer, 2025-05-15 *Flame Retardant Selection for Polymers* provides readers with step by step guidance on how to select and apply flame retardants for polymers. Written by experts in the field of flame retardancy worldwide, this book seeks to consider the types of polymers and their applications in different sectors, providing in-depth information about the beneficial aspects of choosing each sort of flame retardant and supporting readers in selection of the best flame retardant additives. Regional and global features of flame retardant development and legislations, as well as future perspective from circularity viewpoint, are also covered. This book is a practical guide and valuable resource to researchers and industrial professionals interested in fundamental principles of flame retardant selection for polymers, as well as the basic needs for processing and commercialization of flame retardant polymers. Overviews main features of flame retardant selection for polymers depending on the chemistry of polymers, application, processing, and sustainability. Provides both the background and advanced features of flame retardants from both academic and industrial viewpoints. Discusses regional and global information and knowledge about the selection of flame retardants for polymers based on legislations and regulations. *Political Handbook of the World 2015* Tom Lansford, 2015-03-24 *The Political Handbook of the World* provides timely, thorough, and accurate political information with more in-depth coverage of current political controversies than any other reference guide.
