

Summary of the Nurse Staffing Levels (Wales) Act 2016

Section 25A

- Overarching responsibility
- Requires health boards / trusts to regard the importance of providing sufficient nurses time to care for patients sensitively
- Undertake workforce planning (including planning the recruitment, retention, education and training of nurses)

Section 25B

- Calculate the nurse staffing level required to care "sensitively" for patients
- Ensure all reasonable steps are taken to maintain the Nurse Staffing Level.
- Inform patients of the Nurse staffing level.

Section 25C

- Use of the triangulated approach to calculate nurse staffing levels

Section 25D

- Welsh Government to issue Statutory Guidance relating to the duties under sections 25 B & C.

Section 25E

- Health boards to submit 3 yearly report to Welsh Government demonstrating their compliance with the Act. The report includes the extent to which the nurse staffing levels have been maintained, and the impact and actions taken in response to not maintaining the level.

2016 Government Nurse Training

OECD

2016 Government Nurse Training:

OECD Health Policy Studies Ready for the Next Crisis? Investing in Health System Resilience OECD,2023-02-23 The COVID 19 pandemic had massive consequences for societies and health systems across the OECD and beyond Health systems were not resilient enough Resilient health systems plan and are ready for shocks such as pandemics economic crises or the effects of climate change

The Economics of the UK Health and Social Care Labour Market Robert Elliott,2024-03-06 Three million workers delivered health and social care in the UK in 2019 accounting for a tenth of the workforce These frontline workers were the nurses doctors adult care workers and Allied Health Professions that worked in our hospitals GP practices and care homes Spending on this workforce is the largest single item of cost on health and social care with fifty percent of the current spend of a typical UK hospital going on its frontline workforce The Economics of the UK Health and Social Care Labour Market details the size occupational composition geographical coverage and growth of this workforce Here Robert Elliott explains why people work in frontline care and what drives the demand for these workers details the heavy dependence of UK health and social care on foreign trained workers and explores its consequences and considers how the labour market for frontline workers operates how these workers pay is set and what has happened to it in recent years Elliott explores the reasons for the acute shortage of some key frontline occupations and explains why economic theory is essential to understanding the way this labour market works and to constructing coherent and effective policy Finally the book proposes policies to improve the efficiency of this market and to resolve the problems that currently plague it

The Textbook of Non-Medical Prescribing Dilyse Nuttall,Jane Rutt-Howard,2019-11-04 The Textbook of Non Medical Prescribing is an authoritative and accessible overview of the vital skills contemporary issues and essential knowledge relevant to both students and healthcare practitioners Written as a response to the growing emphasis placed on prescribing in the modern health service this text provides up to date information on safe and effective prescribing This wide ranging book helps students and trainees develop foundational knowledge of the key areas and prescribing competencies and provides healthcare professionals with a continued source of current information Now in its third edition this text has been fully updated and revised to reflect changes in legislation current practices and new guidelines New and updated topics include independent prescribing for therapeutic radiologists supplementary prescribing for dietitians paramedics working in advanced roles to independently prescribe and the Royal Pharmaceutical Society s Competency Framework for all Prescribers Provides up to date information essential to safe and effective prescribing in a clear easy to understand style Discusses current issues and practices in pharmacology prescribing and therapeutics and medicine management Links to the Royal Pharmaceutical Society s Competency Framework for all Prescribers for non medical prescribers Presents learning objectives key theme summaries activities and numerous case studies Offers access to additional online resources including interactive exercises quizzes self assessment tests and web links The Textbook of Non Medical Prescribing is an essential

resource for students nurses dieticians pharmacists and allied health practitioners pursuing a prescribing qualification or looking for an updated refresher on the subject **Nursing, COVID and the End of Resilience** Michael

Traynor,2024-09-09 This book looks at the way in which resilience has been promoted as a resource for nurses during the COVID 19 pandemic and addresses its limitations as a response to the potential trauma of working in intense healthcare contexts Traynor examines the nature of trauma and moral distress in nursing work which predates the most recent pandemic that brought it into sharp relief and links this to discussions of resilience in nursing He examines differing understandings of trauma identifying and detailing approaches to dealing with it and its aftereffects In a wide ranging book that draws together critiques of the happiness industry and PPE scandals this book lays bare government and managerial reactions to the pandemic alongside individual sometimes harrowing accounts Its author sets out the impact of working during COVID 19 on the profession and its members in terms of support solidarity and fragmentation Drawing on a critical analysis of responses to the pandemic from the government regulatory bodies the NHS and the media along with primary research with nurses and others who have worked through the pandemic this book is a vital contribution for all those interested in resilience trauma well being and workforce development in nursing *OECD Reviews of Public Health: Japan*

A Healthier Tomorrow OECD,2019-02-06 This review assesses Japan s public health system highlights areas of strength and weakness and makes a number of recommendations for improvement The review examines Japan s public health system architecture and how well policies are responding to population health challenges including **Nursing Care of Children**

and Young People with Long-Term Conditions Mandy Brimble,Peter McNee,2021-03-15 The second edition of Nursing Care of Children and Young People with Long Term Conditions remains the only nursing specific text on the care of paediatric patients with chronic illness Written to meet the needs of nursing students and professionals alike this comprehensive volume provides authoritative and up to date information on the context theory and practice of delivering holistic care to children and families in a range of health and social care settings Contributions from a team of experienced academics educators and practitioners offer valuable insight into the impact of chronic illness on children and parents the practical implications of meeting their physical psychological and social needs empowering them to be experts in their care and many more vital aspects of long term paediatric care This edition features new and revised content reflecting contemporary guidelines and evidence based practice including updated clinical case studies and a new chapter examining the impact of having a sibling with a long term condition Emphasising a multi disciplinary approach to managing chronic illness this important resource Provides numerous case studies and activities illustrating the application of theoretical principles and current evidence in nursing practice Investigates the genetic basis of chronic illness and the differing onsets of long term conditions Discusses current political economic and social policies that are influencing healthcare for children and bringing challenges to managers and practitioners Examines both classic and contemporary theories of grief loss coping

and adaptation Explores ethical legal and professional aspects of nursing children and young people with chronic illness Addresses evolving nursing roles the importance of acute emergency care and the planning and delivery of effective transition from child to adult services Nursing Care of Children and Young People with Long Term Conditions is required reading for student and registered children s nurses as well as for practitioners in related health and social care disciplines

Jarvis's Health Assessment and Physical Examination - E-Book Helen Forbes,Elizabeth Watt,2020-09-25 Increased content on screening for family violence and abuse and mental health assessment A suite of point of view videos demonstrating core health assessment techniques for some of the difficult skills and concepts related to health assessment examinations

Transitions to practice: Essential concepts for health and social care professions Teena J Clouston,Lyn Westcott,Steven W Whitcombe,2018-01-04 Whether you are a student a trainee or a newly qualified or highly experienced health or social care practitioner you are always in a state of transition progressing along a career path coping with organisational change and dealing with the ever increasing pressures placed on our health and social care systems Transitions to practice provides a vital map to help you navigate your way through these changes The book begins with an exploration of the fundamental aspects of professionalism This is followed by a section on the importance of communication for effective health and social care practice The third section focuses on quality in practice and the final section discusses personal values safeguarding spirituality and professional resilience Each chapter contains learning outcomes and reflective questions to help you apply the discussion to your own experiences and practice These questions have been designed to challenge you and help you embed the content into your own professional journey enabling you to uphold key values like care compassion and person centred working even under pressure Throughout the book the authors have highlighted how transitions at all levels of practice are affected by personal professional organisational and political agendas that create critical challenges They have also identified how you can interact with and confront these to effect positive action and change thus achieving the best outcomes not only for your patients and clients but also for your own well being and that of your colleagues Contents include Professional ethics registration and fitness to practise Being professional A journey of professionalism From novice to expert practitioner Embracing professionalism Becoming a responsible autonomous practitioner Team working in complex organisations Principles and practice Partnership working Communication in the digital age The political and legal interface with professional practice Duty of quality in times of constraint Research in health and social care practice Safeguarding vulnerable adults Safeguarding children Evidencing caring values in everyday practice The place of spirituality in health and social care practice The resilient practitioner

Acute Care Nursing Julia Gilbert,Elisabeth Coyne,2018-08 This text equips students with foundational knowledge of the pathophysiology treatment and legal and ethical issues associated with common acute conditions Through the person centred collaborative care approach students will also learn effective communication and cultural competency skills that are essential for nurses in any practice

context *Nurses and Nursing* Pádraig Ó Lúanaigh, 2017-04-21 This textbook draws on international contributors with a range of backgrounds to explore engage with and challenge readers in understanding the many aspects and elements that inform and influence contemporary nursing practice With a focus to the future this book explores the challenges facing health services and presents the arguments for a nursing contribution and influence in ensuring safe and quality care Readers are supported to explore how as individuals they can shape their personal nursing identity and practice The structure of the text is based on the belief that an individual nurse s professional identity is developed through an interaction between their personal attributes and the influences of the profession itself Reflecting this approach the authors engage in a conversation with the reader rather than simply presenting a series of facts and information Organised around a series of topical and pertinent questions and drawing on perspectives from policy education and practice the book explores a diverse range of topics such as how historical and popular media representations of nursing hold back nursing practice today the opportunities presented through education and nursing role development to increase the nursing contribution to health services the economic and political influences on nursing and health care how the professional regulation of nurses and core values informs your practice ways to define and develop your own strong nursing identity Central chapter questions provide ideal triggers for group discussions in class or online and equally as discussion topics between colleagues to support ongoing professional development There is an emphasis throughout *Nurses and Nursing* on challenging thinking to recast nursing practice for the future by encouraging the reader to explore and create their emerging nursing identity or re examine previously long held views This text supports the reader to better understand health care nursing and most importantly themselves as nurses

The Engaging World of Kindle Books: A Detailed Guide Unveiling the Pros of E-book Books: A World of Ease and Flexibility

Kindle books, with their inherent portability and simplicity of availability, have liberated readers from the limitations of hardcopy books.
