2017 Revelation Alignment 2017 And Beyond:

BEYOND GODS AND SCRIPTURES Joseph Mani, 2018-05-07 Religion has been the biggest divisive force in history This book examines the irrational and harmful beliefs of religious people which lead to religion becoming a destructive force Religion can be and has been a force for good too What are the aspects of religion that make it meaningful Does God exist The book details the scientific and philosophical arguments adduced for God's existence and how valid they are In the last section we look at five luminaries of science who either had close encounters with religious establishments or had strong views on religion and God We look at the lives of Copernicus Galileo Newton Einstein and Hawking not so much as scientists but as human beings with their own kinks and idiosyncrasies The author brings to this book his extensive knowledge of physics philosophy religion and the behavioural sciences *American River Road Beyond 2017* John Worker for Jesus Christ, 2014-05-02 The 1960s saw the dawn of manned space flights and America quickly recognized its destiny to seek out things beyond earth Despite the nations external wars and internal conflicts the sky and the future possessed our imaginations People had so much hope so much looking forward We were living American Pie years before the song with that title would come out Today my soul longs for the innocence of that childhood view In those days of long ago friends and I preferred to be outside throwing a ball searching for new finds walking through fields and forests looking up We never kept in touch Where are they now Do they feel as alone as I do My chest aches like an old hollow log its emptiness filled with pangs of joyful memories of things once whole a family a neighborhood a nation A lost time it is a lost spirit am I and inside me lives a heart that weeps for a dying country The mortal situation is so clear Together let us travel a 50 year American river road of loves sharp curves deaths hazardous potholes and murders sudden downhill drops We will dive into the polluted river of the decayed American soul descend to its very bottom and crawl in the muck We will then swim up and out of the river onto its opposite shore to begin our walk through swamps and forests that lead to a steep uphill climb to an incredible place of panoramic view The driver John Worker asks that the reader not become overly shaken as he steers you through a dark valley of personal reflection that you courageously survive it get through it because well you will find out when you get to the top of the other side The Threshold of Eternal Life *The End of Days - Planet X and Beyond* David Meade, 2017-11-08 Is there a conspiracy of secret societies that intend to control the destiny of the world Are we in a short pause between the end of the Church Age and the beginning of the Day of the Lord How does Planet X fit into this Does North Korea have hidden plans which have been uncovered What are they and what are they targeting In this startling book David Meade explains what their ultimate intent is and what their plans for the United States involve The truth is finally out on the Trump Dossier and I cover it all in this new book Divided into Four Sections this book first covers the Deep Secrets of the Universe including the New World Order and the deep mysteries of space In the next section EMP survival is covered this is the most important type of event that people need to currently prepared for since an EMP event can occur by an act of war

by a hostile nation or by means of massive solar flares sending a Coronal Mass Ejection to our planet Section three is a discussion of the importance of preparation and survival Prepping for survival doesn't cost it pays I cover volcanic eruptions tsunamis and earthquakes as well as emergency food and water survival scenarios What will it take to escape from or survive a volcanic explosion a tsunami or a major earthquake Section four is a review of the literature on Planet X for those who are not familiar with it it is in an Appendix and is optional reading for those who know about it If you're ready for a breathtaking glimpse into the other side this book reads like a page turner It can guide protect and educate you like no other current book on the market If you are seeking knowledge this book is for you If you have an open mind and an open heart it's for you It reads like a thriller People love a mystery and that is the reason why people love my books This book in particular tells you everything everything in one volume 2017 Revelation Alignment (2017 REMIX), 2017-08-31 The celestial alignment of September 23rd 2017 is the most important prophetic event in our lifetime and everyone is wrong about it It isn't about the Rapture or the ascension of the Antichrist but it is the fulfillment of John the Revelator's vision This is the first book of the 2017 and Beyond tetralogy and your first step towards truly understanding the End Times Originally published in 2014 2017 Revelation Alignment 2017 REMIX has been updated with new information and insight making it a must read for everyone

Beyond 2012: Catastrophe or Awakening? Geoff Stray, 2009-05-21 An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar's Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna's timewave zero and Maurice Cotterell's sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date Kaduna, 1917, 1967, 2017 Max Lock and Partners, 1968 *The Great Sign* The Key to Unlocking Biblical End Times Prophecy, the Rapture of the Church, and Tribulation Period James L. Koontz, 2014-07-31 The latest craze in Bible prophecy is the four blood moons and the Lord's feast days No doubt these are

important biblical signposts However these signposts do not provide the all important context of relating to the timing of any specific biblical event i e rapture of the church Antichrist signing the seven year covenant with Israel and what do the four blood moons mean with regard to being a harbinger or heralding a significant event in Israel s history In this riveting book James Koontz examines what the great sign means with regard to providing context for the four blood moons and the Lord s fall feasts Since Christ s resurrection and ascension the all important question for His disciples and for many of us now is when is Christ coming back for His bride Additionally when will the Antichrist sign the peace covenant with Israel when will the great tribulation begin and when will Christ s second coming be These are all very important questions that the great sign helps us understand being the key to unlocking Bible prophecy in our time *Burned Alive* Gerald R.

Loewen,2018-06-28 The hour is late The call has gone out Who will stand among those who have made themselves ready to be part of the Bride Who are those who are willing to consecrate themselves to pay the price to have the dross of their flesh burned off by the power of the Holy Spirit Who are those who are willing to buy gold refined by fire The inheritance of the Son is the Bride and the Father is resolute that His Son will see the reward of His suffering *Dostoevsky in the Arts and Beyond* Olga Tabachinkova,Liudmila Saraskina,Galima Lukina,Ekaterina Salnikova,2024-08-30 The book is a substantial contribution to international Dostoevsky research exploring Dostoevsky s contemporary relevance from a multicultural and multidisciplinary perspective It offers some fresh readings of Dostoevsky s texts presenting new complex studies on the writer and his works in the mirror of several arts of the last three decades The book is divided into three Parts featuring researchers from Bulgaria Great Britain Russia and Ukraine Part One deals with conceptual issues treating Dostoevsky above all as a prophet and philosopher and thus determines the ideological system of coordinates for the studies presented in the rest of the book Part Two examines Dostoevsky s legacy through the lenses of literary theory music and Illustration art and Part Three via world cinema and theatre The volume has gathered together an array of original and innovative studies from world leading experts in Dostoevsky s creative universe to make an authoritative input into the field **The Case of Social**

Emotional Learning: Evidence-Based Practices Pedro Rosário ,Carmel Cefai,2024-09-20 At the end of the last century social emotional learning SEL emerged as a relevant theme in education all over the world What is SEL SEL may be defined as a multidimensional construct orchestrating individuals ability to identify and manage emotions feelings and concern for others as well as to organize and manage behaviors toward goals solve problems and develop positive relationships SEL has been gaining growing popularity among researchers and practitioners Still there is a reasonable degree of ambiguity regarding the concept In fact the term is often used as an umbrella for many types of programs and interventions from distinct areas such as school public health mental health or character education addressing the vulnerability of children and youth to various social and psychological problems What is more topics covered under the SEL umbrella are diverse as follows emotions cognition including multiple intelligences motivation socialization in schools and families and self regulation
