Forestry Camp: Guide and Practical Affendy Hassan, Andy Russel Mojiol, Walter J. Lintangah, Wilter Azwal, 2022-05-12
Universiti Malaysia Sabah UMS through the Faculty of Tropical Forestry formerly known as School of International Tropical Forestry have conducted forestry camp in the Forestry education curriculum since it was introduced in 2000 Every year we bring the students sometimes two troops in a year to train them as a forester At the same time the lecturers and staff prepare the teaching materials and equipment needed for the camp and of course we teach them relatively similar content every year by the respective lecturer or expert with staff assistance Indeed writing this book is not an easy job when we have so many ideas but quite challenging to transform in a book due to time constraints and other commitments by the lecturers for many years However we got the motivation that we want the best for our students and we have experience in coordinating forest camps for many years Therefore we wrote this book to provide a guide and practical to the students about forestry camp for learning forest mentoring both theoretical and practical as a compliment in achieving forester values in the related forestry discipline hard skills as well as soft skills More than that this book is also intended to reach a broad audience on basic knowledge about how to survive in the forest introduction on some wild edible plant and non forest resources birds wildlife forest recreation as well as camping hazard management for those people who are intended for organizing camping in the forest We hope that this publication provides invaluable insights that may help not only forestry students but also the people who love and enjoy the forest

From Northeast Passage to Northern Sea Route, 2022-09-12 The notion of a waterway north of Eurasia conceived in the first half of the sixteenth century remained only a dream for centuries due to ice unmapped coastlines and a lack of geographical knowledge This volume is the first comprehensive scholarly account in English of the slow but steady exploration and commercial exploitation of the Siberian coastal waters and it proves that this was a truly international endeavour However in the end the Northern Sea Route as a through traverse route came to be used primarily by the Soviet Union for which it became a crucial vehicle for the geopolitical and economic integration of its vast territories As an international trade route the Northern Sea Route is only today about to win its way essentially as a result of global warming This being the case should we rejoice or despair
