Zimbabwe International Monetary Fund,2011-06-14 Stronger policies favorable external environment and notable improvement in the humanitarian situation supported a nascent economic recovery in Zimbabwe Executive Directors welcomed this and urged authorities to take advantage of the favorable external environment to strengthen their macroeconomic framework They stressed the need to strengthen the fiscal position and expressed concern about rising vulnerabilities in the banking system They welcomed the authorities strategy for arrears clearance Directors agreed that the Staff Monitored Program SMP would help establish a track record of sound policies and encouraged the authorities to continue timely data reporting **Zimbabwe's Fast Track Land Reform** Prosper B. Matondi,2012-11-08 The Fast Track Land Reform Programme in Zimbabwe has emerged as a highly contested reform process both nationally and internationally The image of it has all too often been that of the widespread displacement and subsequent replacement of various people agricultural related production systems facets and processes The reality however is altogether more complex Providing new and much needed empirical research this in depth book examines how processes such as land acquisition allocation transitional production outcomes social life gender and tenure have influenced and been influenced by the forces driving the programme It also explores the ways in which the land reform programme has created a new agrarian structure based on small to medium scale farmers In attempting to resolve the problematic issues the reforms have raised the author argues that it is this new agrarian formation which provides the greatest scope for improving Zimbabwe s agriculture and development Based on a broader geographical scope than any previous study carried out on the subject this is a landmark work on a subject of considerable controversy *Migration, Crisis and Temporality at the Zimbabwe–South Africa Border* Kudakwashe Vanyoro,2024-02-29 Only 15 kilometres away from the border of Zimbabwe Musina is an obscure town in South Africa that the media cast into the public eye in the wake of the 2008 Zimbabwean economic crisis Taking as its starting point the arrival of thousands of displaced Zimbabwean migrants at Musina this book presents valuable new perspectives on the temporality of migration and the governance of immobilities The author explores the role of humanitarian actors in supporting migrants and examines the outcomes of government led activities in the longer term This is an insightful assessment of how state and non state practices intertwine in the management of largely immobile people and of the importance of time in understanding African migration and borders **The Primacy of Regime Survival** Mark Simpson,Tony Hawkins,2018-05-02 This book analyses the past and ongoing decline of Zimbabwe under the rule of ZANU PF with a primary focus on the period 1997 to the present In contrast to much existing literature on post independence Zimbabwe which has focused on the political dimensions of Zimbabwe s fragility this research highlights the economic aspects of Zimbabwe s regression flowing from prolonged mismanagement of the economy which has served to consolidate the rule of the country s political and economic elite The Zimbabwean experience offers unique insights into the economic

mensions of regime preservation This book situates the Zimbabwe experience within the context of wider debates within the field of development studies and the international community s response to such situations *The Europa World Year: Kazakhstan - Zimbabwe* ,2004 First published in 2004 Routledge is an imprint of Taylor Francis an informa company

Zimbabwe s extractive industry Indigenisation over promised its benefits yet under delivered upon implementation This book traces the history of uneven development in Zimbabwe from the initial days of colonialism to the present using the extractive industry as the unit of analysis to carve out a granular and empirical analysis of the preponderance of transnational corporate control and ownership in the country Indigenisation of Zimbabwe s extractive industries was intended to address mining inequalities by transferring wealth from rich non Indigenous mining capital to disadvantaged Indigenous citizens and communities This policy however was a response to political economic and social crises posed by the international isolation of Zimbabwe s government following the controversial Fast Track Land Reform Programme in 2000 2003 An intervention therefore which promised to address inequalities has thus been hampered by corruption co optation and collusion which has led to it not only failing to address uneven development but in actual fact worsening the situation By examining the hidden structures and infrastructures of power capital and minerals and placing extractive industry Indigenisation in capitalism this book makes a crucial scholarly contribution to the renewed and burgeoning debates around the resurgence of resource nationalism in general and the struggle for economic sovereignty in particular This book steers readers more broadly to look for new and diversified ways of empowering Indigenous populations and their communities through mining Indigenisation in ways that do not threaten economic and political stability This book will be of great interest to students and scholars of the extractive industries natural resource management African politics and African development
