A National Program of Institutional Grants for Science and Science Education, a Study for the Subcommittee on Science, Research, and Development...prepared by the Science Policy Research, and Development...prepared by the Science Policy Research Division, Legislative Reference Service, Library of Congress, Serial R. United States. Congress. House. Science and Astronautics,1968 *Hearings, Reports and Prints of the House Committee on Science and Astronautics* United States. Congress. House. Committee on Science and Astronautics,1968 *Open Science by Design* National Academies of Sciences, Engineering, and Medicine,Policy and Global Affairs,Board on Research Data and Information,Committee on Toward an Open Science Enterprise,2018-09-09 Openness and sharing of information are fundamental to the progress of science and to the effective functioning of the research enterprise The advent of scientific journals in the 17th century helped power the Scientific Revolution by allowing researchers to communicate across time and space using the technologies of that era to generate reliable knowledge more quickly and efficiently Harnessing today s stunning ongoing advances in information technologies the global research enterprise and its stakeholders are moving toward a new open science ecosystem Open science aims to ensure the free availability and usability of scholarly publications the data that result from scholarly research and the methodologies including code or algorithms that were used to generate those data Open Science by Design is aimed at overcoming barriers and moving toward open science as the default approach across the research enterprise This report explores specific examples of open science and discusses a range of challenges focusing on stakeholder perspectives It is meant to provide guidance to the research enterprise and its stakeholders as they build strategies for achieving open science and take the next steps **NASA Technical Memorandum** ,1992 **Resources in Education** ,1988 **Nuclear Science Abstracts** ,1966 Second Report of the Royal Commissioners on Technical Instruction: Report on agricultural education in north Germany, France, Denmark, Belgium, Holland, and the United Kingdom Great Britain. Royal Commission on Technical Instruction,1884 *Science for the people: A Memorandum on various means for propagation scientific and practical Knowledge among the working classes, and for thus promoting their physical, technical, and social improvement* Thomas Twining,1870 *Indian Ocean Region* Manoj Gupta,2010-08-09 It is a privilege to introduce the reader to this book as I believe that it will make a signi cant contribution to given the dif culties in the knowledge of the Indian Ocean developing cooperation in the Indian Ocean region There have been numerous failed efforts at regional cooperation in different fora in the Indian Ocean As a result of the land based orientation of the people in the region the importance for countries to develop the power to govern the sea has largely been ignored The maritime approach taken by Manoj Gupta to the Indian Ocean as a region in international relations offers a timely and critical assessment of the potential for regional cooperation and ocean governance The political leadership in the region can no longer ignore the need for coop ation in maritime affairs in the Indian Ocean This book enriches the literature on Indian Ocean issues as it argues convincingly that the security of nations

economic well being of the people and health of the Indian Ocean cannot be divested from one another All are fundamentally dependant on the ability of the countries in the region to individually and collectively exert the power to govern the sea

Millennial Biology: The National Science Foundation and American Biology, 1975-2005 Donald J.

McGraw,2021-01-25 National Science Foundation NSF is a unique federal agency because it supports scientific research financially but does not engage in scientific work itself Its history is known only in part because the NSF is a vibrant expanding and living entity that makes the final telling of its story impossible Much can be learned from its beginning as well as its component parts If the founding of the NSF in 1950 was couched in an era of physics especially atomic physics certainly by the end of the 20th century and the beginning of the 21st biology was and remains the queen of sciences for the predictable future This book highlights the elite status of America s biological sciences as they were funded affected and to a very real degree interactively guided by the NSF It examines important events in the earlier history of the Foundation because they play strongly upon the development of the various biology directorates Issues such as education applied research medical science the National Institutes of Health the beginnings of biotechnology and other matters are also discussed
