Financial Inclusion Regulatory Practices in SADC Howard Chitimira,Tapiwa Warikandwa,2023-05-25 Against a background of calls to prioritise the improvement of financial inclusion in Africa this book provides an analysis of current financial inclusion measures in Southern Africa Evaluating the existing strengths and weaknesses of financial inclusion in Africa it identifies opportunities to improve inclusive financial services and aid poverty reduction in the region With a focus on South Africa Namibia Botswana and Zimbabwe as case studies for assessing current financial inclusion in the context of particular challenges faced by unbanked and underbanked customers who are easy targets for cybercriminals due to low levels of digital literacy it looks into the regulation and promotion of financial inclusion in Southern Africa The book explores financial inclusion in the context of digital transformation in the 21st century examining the regulation and promotion of financial inclusion in the context of digital transformation as well as the challenges related to financial inclusion Suggesting improvements to aspects of company law securities and financial markets in the Southern African Development Community region the book offers a comprehensive study on the regulation and promotion of financial inclusion in the Southern African Development Community region It will be essential reading for students and academics researching financial inclusion international economic law and development

The Economist ,1997 *The Economics of Public Enterprise* V. V. Ramanadham,2019-02-11 Public enterprises have played a central part in the development of all mixed economies in the post war period but they are now in a crisis phase Privatisation has pushed back the level of public enterprise almost throughout the world Where public enterprises remain they are being brought under significant reforms Originally published in 1991 this book presents a comprehensive critique of public enterprise analysing why its performance has fallen far short of expectations Part one is concerned with the establishment of public enterprises the case for them the circumstances in which they emerged the extra enterprise objectives attached to them and the decisions on their investment feasibility and capital structure Part two looks at the working of public enterprises the state of their financial performance the peculiarities of pricing the determination of targets which they should meet the continuous monitoring and evaluation of their operations Macro concerns are the focus of Part three Among the issues addressed are the level of indirect taxation and subsidisation implicit in the pricing structures of public enterprises the links between public enterprise and the public exchequer and the implications of their operations for distributional equity In Part four the extent to which privatisation can solve the problems of public enterprise is discussed The book ends with some broad conclusions on the future of public enterprise Throughout the approach is analytical but the arguments are supported by extensive examples from both developed and developing economies

Cumulated Index Medicus ,1994 **Index Medicus** ,2001 Vols for 1963 include as pt 2 of the Jan issue Medical subject headings Latin American Development Julie Cupples,2013-07-18 Latin America s diverse political and

economic struggles and triumphs have captured the global imagination The region has been a site of brutal dictators revolutionary heroes the Cold War struggle and as a place in which the global debt crisis has had some of its most lasting and devastating impacts Latin America continues to undergo rapid transformation demonstrating both inspirational change and frustrating continuities This text provides a comprehensive introduction to Latin American development in the twenty first century emphasizing political economic social cultural and environmental dimensions of development It considers key challenges facing the region and the diverse ways in which its people are responding as well as providing analysis of the ways in which such challenges and responses can be theorized This book also explores the region s historical trajectory the implementation and rejection of the neoliberal model and the role played by diverse social movements Relations of gender class and race are considered as well as the ways in which media and popular culture are forging new global imaginaries of the continent The text also considers the increasing difficulties that Latin America faces in confronting climate change and environmental degradation This accessible text gives an overarching historical and geographical analysis of the region and critical analysis of recent developments It is accompanied by a diverse range of critical historical and contemporary case studies from all parts of the continent providing readers with the conceptual tools required to analyse theories on Latin American development Each chapter ends with a summary section discussion topics suggestions for further reading websites and media resources This is an indispensable resource for scholars students and practitioners

Challenges of African Growth B. J. Ndulu, 2007 Poverty in Africa is largely the outcome of slow growth With the region hosting 10 percent of the world s population but a staggering 30 percent of the world s poor the challenges it faces are enormous but NOT insurmountable The message of this book is clear poverty eradicating development in Africa is possible In fact there are indications that Africa is at a turning point and there is growing momentum among front runner economies in the region toward higher and sustained growth This study challenges African countries and their development partners to consolidate and continue this momentum and to exploit the advantages of the continent as a latecomer particularly in innovation and in drawing lessons from successful export led growth experiences in Asia and Latin America Challenges of African Growth identifies opportunities constraints and strategic choices that African countries face in their quest for achieving the growth necessary for poverty alleviation More important the study provides a broad menu of strategic options for ensuring not only that countries embark on a growth path but also that the growth is shared and sustainable The critical areas for action rest on four pillars the investment climate infrastructure innovation for increasing productivity and competitiveness and institutional capacity
