

Chers lecteurs,
Chers amis,

C'est avec beaucoup d'émotion que j'écris l'édito qui clôture cette année 2014. Ces six derniers mois ont été riches en activités, avec notamment la célébration de nos 60 ans sur trois temps en septembre : une journée de promotion Place Antonin Poncet, la conférence sur l'engagement citoyen à l'Hôtel de Ville et enfin la soirée de gala rassemblant institutionnels, anciens membres et membres actuels de la JCE de Lyon. Par ailleurs, trois membres ont eu l'opportunité de suivre trois députés européens durant deux jours au Parlement Européen à Bruxelles, en octobre.

La Jeune Chambre Economique de Lyon est aujourd'hui une référence au sein de notre mouvement, par l'exemplarité de nos actions et la qualité de nos membres.

Nous faisons partie des quatre meilleures organisations locales au monde !

De plus, nous avons obtenus trois récompenses prestigieuses lors du Congrès National se déroulant à Nantes début novembre :

- La 1^{re} place au Club de l'Excellence
- Le prix Yvon Chotard valorisant l'action Place'O'Visions ainsi que l'activité du bureau 2014
- Damien Baptiste a été récompensé en tant que Meilleur Président local 2013

Au niveau régional aussi nos actions ont été remarquées avec l'obtention du prix Macif pour l'action JCI Pitch Training.

C'est avec un grand plaisir que l'ensemble du Bureau 2014 a travaillé à faire rayonner la Jeune Chambre de Lyon et ses actions tout au long de l'année. Merci à tous les membres, postulants, observateurs, partenaires et amis de la Jeune Chambre qui nous ont accompagné toute cette année. C'est grâce à vous que la JCE de Lyon est aujourd'hui reconnue à l'échelle internationale. Merci pour vos soutiens.

L'an prochain, la Junior Chamber International célébrera son 100^e anniversaire, alors agissons ensemble pour porter toujours plus haut les couleurs de notre cité et la force de notre engagement !

Bon vent à l'équipe 2015 menée par Dorothée Leiseing !

Découvrez notre activité et nos actions visant à créer des changements positifs sur notre territoire dans les pages qui suivent.

Bonne lecture !

Stefanie Cochet
Présidente 2014

Patton, 2017-06-15 This handbook provides a concise overview of special education services in countries across the world using the Article on Education in the United Nations Convention on the Rights of Persons with Disabilities as the analytical frame The Praeger International Handbook of Special Education presents a concise and clear overview of special education services in more than 70 countries across the world using the Article on Education in the United Nations Convention on the Rights of Persons with disabilities as the analytical frame Each chapter offers information about the country in general followed by sections on the public education system the private education system the special education system teacher training requirements and barriers to and promising trends in inclusive and special education The volumes and chapters are organized by the United Nations Geoscheme with Volume 1 including an overview of the volumes and chapters on countries in the Americas Volume 2 addressing countries from Europe and Africa and Volume 3 focusing on countries in Asia and Oceania This is the most complete exploration of the delivery of supports and services to children and youth with disabilities across the globe available The volumes do not compare among or between countries but rather provide a baseline for understanding current special education practices and their relationship with general education and inclusive practices across the globe Readers will come away with an in depth understanding of what is happening with regard to the implementation of special education services and Article 24 of the Convention for the Rights of People with Disabilities This valuable reference set serves researchers graduate students and policymakers in special and general education as well as professionals focused on issues of education worldwide and scholars focused on international special education As such this handbook will be an important reference source for university libraries professional associations and policy entities

Globalisation and Education Policy Reform in Botswana Richard Tabulawa, 2023-07-21 This book uses the global local dialect approach to explicate education policy reform in Botswana and interrogates the practical effects of the various education policies on curriculum pedagogy and governance of the Botswana General Education system Considering the effect of three reform policies since Botswana's Independence in 1966 the book evaluates the performance of each of the policies and examines their consequences in terms of the interplay of global forces and domestic pressures The result of this interplay has been an education landscape that while reflecting globally circulating education discourses markedly differs from those same discourses The book argues that the State in Botswana has appropriated education policy to legitimate itself in times of crisis and that each policy has improved access to general education but collectively have failed to improve its quality making suggestions for how this can be improved in the future As the first book of its kind to delve into education in Botswana from a single authored critical lens the book will be a highly relevant reading for academics researchers and post graduate students of African education comparative education education policy and curriculum studies

Current Challenges in Cardiovascular Molecular

Diagnostics Matteo Vatta,Valeria Novelli,Luisa Mestroni,Jeffrey A. Towbin,Carlo Napolitano,Guia Guffanti,2017-09-12 The field of cardiovascular genetics has tremendously benefited from the recent application of massive parallel sequencing technology also referred to as next generation sequencing NGS However along with the discovery of additional genes associated with human cardiac diseases the analysis of large dataset of genetic information uncovered a much more complex and variegated landscape which often departs from the comfort zone of the monogenic Mendelian diseases image that clinical molecular geneticists have been well acquainted with for many decades It is now clear that in addition to highly penetrant genetic variants which in isolation are able to recapitulate the full clinical presentation when expressed in animal models we are now aware that a small but significant fraction of subjects presenting with cardiac muscle diseases such as cardiomyopathies or primary arrhythmias such as long QT syndrome LQTS may harbor at least two deleterious variants in the same gene compound heterozygous or in different gene double heterozygous Although the clinical presentation in subjects with more than one deleterious variant appears to be more severe and with an earlier disease onset it somehow changes the viewpoint of clinical molecular geneticists whose aim is to identify all possible genetic contributors to a human condition In this light the employment in clinical diagnostics of the NGS technology allowing the simultaneous interrogation of a DNA target spanning from large panel of genes up to the entire genome will definitely aid at uncovering all such contributors which will have to be tested functionally to confirm their role in human cardiac conditions The uncovering of all clinically relevant deleterious changes associated with a cardiovascular disease would probably increase our understanding of the clinical variability commonly occurring among affected family relatives and potentially provide with unexpected therapeutic targets for the treatment of symptoms related to the presence of accessory deleterious genetic variants other than the key molecular culprit The objective of this Research Topic is to explore the current challenges presenting to the cardiovascular genetics providers such as clinical geneticists genetic counselors clinical molecular geneticists and molecular pathologists involved in the diagnosis counseling testing and interpretation of genetic tests results for the comprehensive management of patients affected by cardiovascular genetic disorders Weaving a Malawi Sunrise Roberta Laurie,2015-10-20 One woman s determination to educate Malawian girls and change the future of a nation
