Subcommittee on Health,2013 **Health Care Finance and the Mechanics of Insurance and Reimbursement** Michael K. Harrington,2023-11-06 Health Care Finance and the Mechanics of Insurance and Reimbursement combines financial principles unique to the health care setting with the methods and process for reimbursement including coding reimbursement strategies compliance financial reporting case mix index and external auditing It explains the revenue cycle correlating it with regular management functions and covers reimbursement from the initial point of care through claim submission and reconciliation Updated throughout the Third Edition offers expanded material on financial statements new and expanded Skilled Nursing Facility examples and enhanced sections on PDPM Practice Management for Primary Care and other Specialties Clearinghouse Processes Predictive Modeling data mining and more Federal Register ,2014 *Readmission Prevention: Solutions Across the Provider Continuum* Josh Luke,2015-01-07 As a result of the Affordable Care Act ACA readmissions have become a new area of focus as care delivery moves from a volume based model to a value based one Acute hospitals are calling upon post acute providers to assist them in improving care coordination to avoid penalties Post acute providers are taking steps to become the provider of choice as hospitals health systems and managed care organizations turn to them for support In the absence of proven historical programs this book gives hospital executives and post acute care providers proven tactics and tools they can apply to reduce and prevent unnecessary hospitalizations Written in a conversational style by a seasoned healthcare executive the book starts by defining the origins of readmissions and the impact of the ACA then describes three phases of readmission prevention planning and offers innovative strategies for executives to position their facility as a provider of choice Specific readmission prevention tactics are addressed for different levels of post acute care including Acute care hospitals and health systems Skilled nursing facilities Physicians and Pharmacists Long term acute care and acute rehabilitation hospitals Home health agencies Hospice and palliative care agencies Assisted living facilities Home care and private duty nursing Throughout the book short perspectives written by experts in the different specialty areas provide additional viewpoints on critical issues in care transitions The book concludes with case examples from healthcare organizations that have successfully implemented new tactics and strategies as part of a larger coordinated program in preventing readmissions **Terminology, Ontology and their Implementations** Peter L. Elkin,2023-07-19 This revised new edition containing numerous new and heavily updated chapters provides readers with the essential information needed to understand the central topics of terminology in healthcare the understanding of which is an asset to be leveraged in care and research Twenty five years ago the notion that terminology should be concept based was all but unknown in healthcare now almost all important terminologies are at least partly concept based With no general model of what a terminology was or should be there were no tools to support

terminology development and maintenance Steady progress since then has improved both terminology content and the technology and processes used to sustain that content This new edition uses real world examples from the health sector to delineate the principal issues and solutions for the field of data representation It includes a history of terminologies and in particular their use in healthcare including inter enterprise clinical and research data aggregation Terminology Ontology and their Implementations covers the basis authoring and use of ontologies and reference terminologies including the formalisms needed to use them safely The editor and his team of carefully chosen contributors exhaustively reviews the field of concept based indexing and provides readers with an understanding of natural language processing and its application to health terminologies The book discusses terminology services and the architecture for terminological servers and consequently serves as the basis for study for all students of health informatics Management and Leadership for Nurse Administrators Linda A. Roussel, Patricia L. Thomas, James L. Harris, 2022-08-05 Management and Leadership for Nurse Administrators Ninth Edition provides a comprehensive overview of key management and administrative concepts critical to leading healthcare organizations and ensuring patient safety and quality care The text prepares nursing students and professional administrators to lead a workplace that is rapidly evolving due to technology culture and changes in the U S healthcare system The 5-Minute Clinical Consult 2014 Frank J.
