Instructional Feedback Jeffrey K. Smith,Anastasiya A. Lipnevich,Thomas R. Guskey,2023-02-28 Implement evidence based feedback practices that move learners forward Feedback is essential to successful instruction and improved student performance but learners often dread and dismiss feedback and its effectiveness can vary Thus sharing intentions clarifying

success criteria knowing what type of feedback to provide and when and activating students as owners of their learning are essential feedback functions Instructional Feedback presents a comprehensive summary of the most recent research on instructional feedback and describes its successful implementation With a focus on evidence based approaches adapted to specific contexts the authors use common classroom situations to demystify feedback and place it within a broad instructional context along with definitions characteristics and precautions about its effect on students emotions and behaviors Inside you ll find Coverage of all grades and concentrations including math language arts music art and science Peer feedback self assessment and subject specific nuances Student and teacher examples of feedback and suggestions for improvement Engaging and concise Instructional Feedback discusses why feedback is so powerful how it is promising and what it looks like in practice

Luxury and Modernism Robin Schuldenfrei, 2018-06-05 While modernism was publicized as a fusion of technology new materials and rational aesthetics to improve the lives of ordinary people it was often out of reach to the very masses it purportedly served Luxury and Modernism shows how luxury was present in bold literal forms in modern designs from lavish materials and costly technologies to deluxe buildings and household objects and in subtler ways as well such as social milieus and modes of living In a period of social unrest and extreme wealth disparity between the common worker and those at the helm of capitalist enterprises generating immense profits architects envisioned modern designs providing solutions for a more equitable future Robin Schuldenfrei exposes the disconnect between modernism s utopian discourse and its luxury objects and elite architectural commissions Despite the movement s egalitarian rhetoric many modern designs addressed the desires of the privileged individual Yet as Schuldenfrei demonstrates luxury was integral not only to how modern buildings and objects were designed manufactured and sold but has contributed to modernism s appeal to this day This beautifully illustrated book provides a new interpretation of modern architecture and design in Germany during the heyday of the Bauhaus and the Werkbund tracing modernism s lasting allure to its many manifestations of luxury Schuldenfrei casts the work of legendary figures such as Peter Behrens Walter Gropius and Ludwig Mies van der Rohe in an entirely different light revealing the complexities and contradictions inherent to modernism s promotion and consumption
