The Routledge Companion to Christian Ethics D. Stephen Long, Rebekah L. Miles, 2023-01-01 The Routledge Companion to Christian Ethics brings together two different but related disciplines the first is contemplative or theoretical asking what are the beliefs or doctrines that characterize Christianity whilst the second is practical asking what are the ethical practices that attend its teachings The movement between the theoretical and practical aspects is not however one way as doctrine and life are mutually informing In this comprehensive volume leading scholars address key topics problems and debates in this hotly debated topic within a truly global context Comprising over 35 chapters by a team of international contributors the handbook is divided into three parts based on the three persons of the Trinity God the Father God the Son and God the Holy Spirit Within these sections cutting edge issues are examined including God and genetics War peace and violence White supremacy Creation and sexuality Digital ethics Transgender studies Climate change Immigration and refugees Adopting a practical approach that

must consider new concerns that have arisen with recent social political and cultural shifts The Routledge Companion to Christian Ethics is essential reading for students and researchers in Christian ethics religious ethics and Christianity studies The handbook will also be very useful for those in related fields such as ethics and philosophy Holy Ramblings Kent Hare,2020-01-24 What is a pilgrimage How is it different from any other kind of travel Join the author as he seeks answers to these questions through journeys to the three most important destinations for Catholic travelers Rome and Italy the Shrine of Guadalupe in Mexico City and the Holy Land Share his adventures and misadventures in daily travelogues describing each trip from beginning to end with extensive religious historical and cultural commentary Those three destinations are only the beginning Around the world and here in the United States far and near famous and obscure shrines and holy sites await your discovery The author scouts out many such destinations and explores the phenomenon of virtual pilgrimage He concludes by offering practical advice how not to end up merely sightseeing For Catholics considering a pilgrimage for Protestants wondering why Catholics go on pilgrimages rather than tours Catholic or Protestant this book is for you Maps diagrams and pictures included Abba Amma Nicola Slee,2022-02-28 The Lord's Prayer unites Christians of all traditions It is the first and perhaps only prayer that people learn by heart However its patriarchal and kingdom imagery do not resonate universally today How do we pray the prayer Jesus taught us in ways which are authentic and life giving This volume emerging from years of praying the Lord's Prayer offers a series of prayers and poems written in response to it They wrestle with its central images and bring our own stories and relationships into dialogue with it Each prayer uses the address Abba or Amma Aramaic terms of intimate address to God as father or mother which reflect Jesus usage drawing on the abbases and ammas of the Desert Tradition as well as our own parental relationships It aims to integrate our whole human journey into the vocation of being a follower of Jesus An extended introduction explores why praying the Lord's Prayer is significant how it is problematic and how contemporary theological reinterpretations offer fresh perspective on it What are We Waiting For? Richard Leonard,2014 *The Magnificat Advent Companion* ,2020 **Authentic Liturgical Renewal in Contemporary Perspective** Uwe Michael Lang,2017-07-27 The ongoing debates on the present state and the future of the Roman Catholic worship are not confined to specialists but are clearly of interest to a wider public as the responses to the Sacra Liturgia UK conference held in London in July 2016 have shown This volume contains the proceedings of the conference and raises the question of how to bring to fruition the insights and instructions of the Second Vatican Council and its key document on the liturgy Sacrosanctum Concilium in the life of the Church today The initial contribution from Robert Cardinal Sarah Prefect of the Congregation for Divine Worship and the Sacraments calls for a fuller implementation of Sacrosanctum Concilium Following on from this other leading figures and liturgical scholars such as Joris Geldhof David Fagerberg and Alcuin Reid examine Catholic worship from a variety of perspectives including historical pastoral social cultural and artistic themes Taken together these chapters present another crucial step along the route of authentic liturgical renewal in the
