Loureiro,2021-03-01 Poly lactic co glycolic acid PLGA is one of the most successful polymers used for producing therapeutic devices such as drug carriers DC PLGA is one of the few polymers that the Food and Drug Administration FDA has approved for human administration due to its biocompatibility and biodegradability In recent years DC produced with PLGA has gained enormous attention for its versatility in transporting different type of drugs e g hydrophilic or hydrophobic small molecules or macromolecules with a controlled drug release without modifying the physiochemical properties of the drugs These drug delivery systems have the possibility potential to modify their surface properties with functional groups peptides or other coatings to improve the interactions with biological materials Furthermore they present the possibility to be conjugated with specific target molecules to reach specific tissues or cells They are also used for different therapeutic applications such as in vaccinations cancer treatment neurological disorder treatment and as anti inflammatory agents This book aims to focus on the recent progress of PLGA as a drug carrier and their new pharmaceutical applications *A Constructed Peace* Marc Trachtenberg,2020-06-16 People still think of the Cold War as a simple two sided conflict a kind of gigantic arm wrestle on a global scale writes Marc Trachtenberg but this view fails to grasp the essence of what was really going on America and Russia were both willing to live with the status quo in

Europe What then could have generated the kind of conflict that might have led to a nuclear holocaust This is the great puzzle of the Cold War and in this book the product of nearly twenty years of work Trachtenberg tries to solve it The answer he says has to do with the German question especially with the German nuclear question These issues lay at the heart of the Cold War and a relatively stable peace took shape only when they were resolved The book develops this argument by telling a story a complex story involving many issues of detail but focusing always on the central question of how a stable international system came into being during the Cold War period A Constructed Peace will be of interest not just to students of the Cold War but to people concerned with the problem of war and peace and in particular with the question of how a stable international order can be constructed even in our own day
