Democracy's Infrastructure Antina von Schnitzler, 2016-11-08 In the past decade South Africa s miracle transition has been interrupted by waves of protests in relation to basic services such as water and electricity Less visibly the post apartheid period has witnessed widespread illicit acts involving infrastructure including the nonpayment of service charges the bypassing of metering devices and illegal connections to services Democracy s Infrastructure shows how such administrative links to the state became a central political terrain during the antiapartheid struggle and how this terrain persists in the post apartheid present Focusing on conflicts surrounding prepaid water meters Antina von Schnitzler examines the techno political forms through which democracy takes shape Von Schnitzler explores a controversial project to install prepaid water meters in Soweto one of many efforts to curb the nonpayment of service charges that began during the antiapartheid struggle and she traces how infrastructure payment and technical procedures become sites where citizenship is mediated and contested She follows engineers utility officials and local bureaucrats as they consider ways to prompt Sowetans to pay for water and she shows how local residents and activists wrestle with the constraints imposed by meters This investigation of democracy from the perspective of infrastructure reframes the conventional story of South Africa s transition foregrounding the less visible remainders of apartheid and challenging readers to think in more material terms about citizenship and activism in the postcolonial world Democracy s Infrastructure examines how seemingly mundane technological domains become charged territory for struggles over South Africa s political transformation *A scholarly inquiry into disciplinary practices in educational institutions* Connie B. Zulu, Izak J. Oosthuizen, Charl C. Wolhuter, Corene de Wet, Rika Joubert, Ansie E. Kitching, Michael L. Marumo, Zahraa McDonald, Nicholas T. Mollo, Louis J. Oosthuizen, Ferdinand J. Potgieter, Bianke van Rooyen, Marius H. Smit, Amos T. Thebenyane, Andre van der Bijl, Johannes (Hannes) L. van der Walt, 2019-12-12 This book is a collection of chapters based on original research dealing with issues of discipline and disciplinary practices in educational institutions The aim of the book is to provide a scholarly and scientific perspective on the current state of discipline and disciplinary practices in schools and tertiary education settings The issue of discipline is investigated from diverse paradigmatic and methodological perspectives presenting empirical as well as also philosophical

research The empirical perspective includes quantitative positivistic qualitative interpretive and mixed methods pragmatic designs and worldviews This book offers a ground breaking contribution to the field of learner and student discipline with insights into disciplinary practices and issues in educational institutions not hitherto researched such as Technical Vocational Education and Training colleges and universities

Christianity in Eurafrica Steven Pass,2016-10-01 Christianity in Eurafrica is an impressive book meticulously researched and well written by a professional scholar The first chapter includes some valuable historiographical guidelines for writing and understanding the History of the Church In its first part the book traces the history of the Church in the Middle East and Europe explaining the roots of theological diversity to this day In the second part the author narrates how the Faith moved south took root in African soil and grew independently Many pictures and illustrations serve to further enliven the account Steven Paas taught Theology in Malawi for many years He writes from a deep knowledge of and love for the Lord s Church especially in Africa and Europe This textbook on the history of Christianity in two continents fits with the curricula of institutions of theological training in Africa and the West The content is especially aimed at students who prepare for the ministry and for Christian education The book is however also invaluable for all scholars of the History of Christianity

Public Sociology Michael Burawoy,2021-09-08 Michael Burawoy has helped to reshape the theory and practice of sociology across the Western world Public Sociology is his most thoroughgoing attempt to explore what a truly committed engaged sociology should look like in the twenty first century Burawoy looks back on the defining moments of his intellectual journey exploring his pivotal early experiences as a researcher such as his fieldwork in a Zambian copper mine and a Chicago factory He recounts his time as a graduate and professor during the ideological ferment in sociology departments of the 1970s and explores how his experiences intersected with a changing political and intellectual world up to the present Recalling Max Weber Burawoy argues that sociology is much more than just a discipline it is a vocation to be practiced everywhere and by everyone

Forms of Empire Nathan K. Hensley,2016-11-08 In *Forms of Empire* Nathan K Hensley shows how the modern state s anguished relationship to violence pushed writers to expand the capacities of literary form The Victorian era is often imagined as an age of equipoise but the period between 1837 and 1901 included more than two hundred separate wars What is the difference though between peace and war *Forms of Empire* unpacks the seeming paradoxes of the Pax Britannica s endless conflict showing that the much vaunted equipoise of the nineteenth century state depended on physical force to guarantee it But the violence hidden in the shadows of all law the violence of sovereign power itself shuddered most visibly into being at the edges of law s reach in the Empire where emergency was the rule and death perversely routinized This book

follows some of the nineteenth century's most astute literary thinkers George Eliot Charles Dickens Wilkie Collins A C Swinburne H Rider Haggard and Robert Louis Stevenson among them as they wrestled with the sometimes sickening interplay between order and force and generated new formal techniques to account for fact that an Empire built on freedom had death coiled at its very heart In contrast to the progressive idealism we have inherited from the Victorians the writers at the core of *Forms of Empire* moved beyond embarrassment and denial in the face of modernity's uncanny relation to killing Instead they sought effects free indirect discourse lyric tension and the idea of literary character itself that might render thinkable the conceptual vertigoes of liberal violence In the process they touched up to the dark core of our post Victorian modernity Drawing on archival work literary analyses and a theoretical framework that troubles the distinction between historicist and formalist approaches *Forms of Empire* links the Victorian period to the present and articulates a forceful vision of why literary thinking matters now

Education as the Driving Force of Equity for the Marginalized Boivin, Jacquelynne Anne, Pacheco-Guffrey, Heather, 2022-01-14 In the USA racism is the most widespread root of oppression Black people in America specifically have suffered from centuries of discrimination and still struggle to receive the same privileges as their white peers In other countries however there are other groups that face similar struggles Discrimination and oppression based on religion ethnicity socio economic status political affiliation and caste are just a few categories However education is a root for widespread societal change making it essential that educators and systems of education enact the changes that need to occur to achieve equity for the groups being oppressed *Education as the Driving Force of Equity for the Marginalized* highlights international research from the past decade about the role education is playing in the disruption and dismantling of perpetuated systems of oppression This research presents the context ideas and mechanics behind impactful efforts to dismantle systems of oppression Covering topics such as teacher preparation gender inequality and social justice this work is essential for teachers policymakers college students education faculty researchers administrators professors and academicians
