British Books ,1847 *The British Catalogue of Books, Published from October 1837 to December 1852: Classification and index* ,1853 Eva and Eve Julie Metz,2021-04-06 In this unforgettable and essential feminist memoir of women s lives Sarah Wildman author of Paper Love the author of the New York Times bestselling memoir Perfection unearths her mother s hidden past in in Nazi occupied Austria To Julie Metz her mother Eve was the quintessential New Yorker Eve rarely spoke about her childhood and it was difficult to imagine her living anywhere else except Manhattan where she could be found attending Carnegie Hall and the Metropolitan Opera or inspecting a round of French triple cr me at Zabar s After her mother passed Julie discovered a keepsake book filled with farewell notes from friends and relatives addressed to a ten year old girl named Eva This long hidden memento was the first clue to the secret pain that Julie s mother had carried as a refugee and immigrant from Nazi occupied Vienna shining a light on a story of political repression terror and dissolution full of astonishing and unlikely twists of fate showing again that individual destiny may be the greatest mystery of all Dani Shapiro author of Inheritance A gripping and intimate wartime account with piercing contemporary relevance Kirkus Reviews Eva and Eve lyrically traces one woman s search for her mother s lost childhood while revealing the resilience of our forebears and the sacrifices that ordinary people are called to make during history s darkest hours *Special Papers* ,1934 **The Official Railway Equipment Register** ,1894 **Modernizing Tradition** Adam C. Stanley,2008-12-15 In the turbulent decades after World War I both France and Germany sought to return to an idealized prewar past Many people believed they could recapture a sense of order and stability by reinstituting traditional gender roles which the war had thrown off balance While French and German women necessarily filled men s roles in factories and other jobs during the war those who continued to lead active working lives after World War I risked being called modern women Far from a compliment this derogatory label encompassed everything society found threatening about women s new place in public life smoking working women who preferred independence and sexual freedom to a traditional role in the home Society felt threatened by the image of the modern woman yet also realized that conceptions of femininity needed to accommodate the cultural changes brought about by the Great War In *Modernizing Tradition* Adam C Stanley explores how interwar French and German popular culture used commercial images to redefine femininity in a way that granted women some access to modern life without encouraging the assertion of female independence Examining advertisements articles and cartoons as well as department store publicity materials from the popular press of each nation Stanley reveals how the media attempted to convince women that with the help of newly available consumer goods such as washing machines refrigerators and vacuum

cleaners being a mother or a housewife could be empowering even liberating A life devoted to the home these images promised need not be an unmitigated return to old fashioned tradition but could offer a rewarding lifestyle based on the wonders and benefits of modern technology Stanley shows that the media carefully limited women s association with modernity to those activities that reinforced women s traditional roles or highlighted their continued dependence on masculine guidance expertise and authority In this cross national study Stanley brings into sharp relief issues of gender and consumerism and reveals that despite the larger political differences between France and Germany gender ideals in the two countries remained virtually identical between the world wars That these concepts of gender stayed static over the course of two decades years when nearly every other aspect of society and culture seemed to be in constant flux attests to their extraordinary power as a force in French and German society
