Human Resource Management in the Digital Economy: Creating Synergy between Competency Models and Information de Juana-Espinosa, Susana, Fernandez-Sanchez, Jose Antonio, Manresa-Marhuenda, Encarnacion, Valdes-Conca, Jorge, 2011-11-30 Businesses worldwide are faced with major challenges related to the progressive and many times unavoidable incorporation of information technologies into their processes Often organizations don't suitably react to the new requirements of these technologies resulting in outdated policies practices and strategies Human Resource Management in the Digital Economy Creating Synergy between Competency Models and Information is a reference for both practitioners and academics that demonstrates how to implement e management and competency models in companies This book offers perspectives on the impact of integrated e human resource policies and provides recommendations for addressing the shift

from traditional human resource policies to new perspectives

God Bless Our Cubicles Meg Gorzycki, 2019-03-06

Weasels in the workplace colleagues in crisis and bombastic bosses we all know what it is like to have a job from hell We also know that despite our industriousness and integrity many of us will someday have to choose between groceries health care and heating the apartment The nuns who taught me in grade school said that all work regardless of skills or status was a ministry By our helpfulness and kindness on the job we contributed to the common good Oh to have those nuns in charge today Our sense of social responsibility is eroding as the gap between the super rich and everyone else grows and as the rhetoric of leaders that is supposed to heal deepen our humanity and unite us is mean shallow and divisive What are the spiritual to do in this material world where social Darwinism and faith in God are joined at the hip This book is about putting spirituality to work at work It is about using spirituality to help us be in toxic places and not become toxic It explores strategies for maintaining our humanity and moral compass and it illuminates choices prompts deep personal reflection and chases demons from cubicles with humor

Handbook of Research on Interdisciplinary Perspectives on the Threats and Impacts of Pandemics Omeraki Çekirdekci, Şahver,İngün Karkış, Özlem,Gönültaş, Suna, 2021-11-26

The COVID 19 pandemic shook the world to its core After a brief pause organizations of all kinds had to adapt to the new circumstances given to them with very little time The presence of the pandemic caused multiple threats that caused several disruptions to the norms beliefs and practices in various domains of everyday life Both from macro and micro perspectives individuals households markets institutions and governments developed strategies to respond to the new environment responses that hope to eliminate or at least decrease the threats of the COVID 19 pandemic The Handbook of Research on Interdisciplinary Perspectives on the Threats and Impacts of Pandemics explores the COVID 19 pandemic from an interdisciplinary perspective and determines how future pandemics may impact society Beginning as a health threat the pandemic has led the way to economic social psychological political and informational crises necessitating the examination of the phenomenon from different academic disciplines Covering topics such as distance education human security and predictions this handbook of research is an essential resource for scholars managers media representatives governors health officials government officials policymakers students professors researchers and academicians
