

The Allyn and Bacon Guide to Writing

Chapter 2

Pursuing Problems: Exploratory Writing and Talking

Understanding the Chapter's Goals

This chapter builds on Chapter 1 by continuing to emphasize the importance of problematizing. In this chapter, students are taught how to pursue their questions and intellectual problems with persistent diligence. Rather than reaching quick conclusions, students can use writing and talking to explore their ideas more thoroughly. The chapter introduces students to numerous specific techniques that can help them reach new understandings about their subject matter. Writing is thus presented as a means of learning, which underscores its academic value and builds on the lessons of the previous chapter.

Reinforcing the Chapter's Rhetorical Principles

William Perry's Stages of Intellectual Development

Perry's research on the stages of intellectual development has important implications for writing teachers of first-year college students. According to Perry's findings, most first-year students are dualists, readily accepting what they are taught and doubting the validity of opposing views, if they recognize alternative positions at all. For a dualist, issues are black or white, right or wrong. A composition student who is a dualist, then, may not understand the importance of providing adequate evidence in a paper because to the student, the point may be self-evident. Also, a student who is a dualist thinks more rigidly and thus is likely to take fewer intellectual risks when writing. Such students will be challenged by the opening part of the chapter on ill-structured problems.

Understanding Perry's scheme can help you know what cognitive obstacles students encounter when writing and can help you develop realistic expectations for their work. Encouraging students to use the exploratory techniques in this chapter can prompt their
