the examined gambit variations on a regular basis should no doubt study the specific books on that very opening although in most cases the lines and ideas given are sufficient for a beginner or club player to include the system in his or her opening repertoire and give it a try The Alterman Gambit Guide Boris Alterman,2010 **Gambit Openings Repertoire For Black** Eric Schiller,1998-03 In most chess games white has the privilege of attacking first but there are ways for black to turn the tables right from the start In this exciting repertoire of gambits black immediately seizes the initiative from White's hands and begins powerful attacks Counter Gambits T.
