Essays and Surveys on Multiple Criteria Decision Making P. Hansen, 2012-12-06 The Fifth International Conference on Multiple Criteria Decision Making not surprisingly had several objectives First it aimed at being a forum for exchange and intensive discussion of recent ideas on theory and practice of MCDM following the now well established tradition of the previous meetings in the series organized by H Thiriez and S Zionts in Jouy en Josas 1975 S Zionts in Buffalo 1977 G Fandel and T Gal in Hagen Konigswinter 1979 and J Morse in Newark 1980 Second closer contacts were desired between participants in these meetings and other active groups in the field prominent among which is the European Working Group on Multiple Criteria Decision Aid Third participation of senior or junior researchers who had recently developed important new methodologies such as the Analytical Hierarchy Process was actively sought for Fourth a synthesis of the rapidly expanding field of MCDM was to be made through selective surveys by leading researchers in the various areas it comprises Fifth cross fertilization and multidisciplinary research was to be encouraged through presentations on the connections between MCDM and mathematics economics game theory

computer science and other subjects Sixth much emphasis was to be given to real world applications of MCDM particularly large scale ones and or pioneering work in new fields The present volume reflects the general agreement observed among participants that these goals were largely attained

Scalable and Efficient Probabilistic Topic Model Inference for Textual Data Måns Magnusson, 2018-04-27 Probabilistic topic models have proven to be an extremely versatile class of mixed membership models for discovering the thematic structure of text collections There are many possible applications covering a broad range of areas of study technology natural science social science and the humanities In this thesis a new efficient parallel Markov Chain Monte Carlo inference algorithm is proposed for Bayesian inference in large topic models The proposed methods scale well with the corpus size and can be used for other probabilistic topic models and other natural language processing applications The proposed methods are fast efficient scalable and will converge to the true posterior distribution In addition in this thesis a supervised topic model for high dimensional text classification is also proposed with emphasis on interpretable document prediction using the horseshoe shrinkage prior in supervised topic models Finally we develop a model and inference algorithm that can model agenda and framing of political speeches over time with a priori defined topics We apply the approach to analyze the evolution of immigration discourse in the Swedish parliament by combining theory from political science and communication science with a probabilistic topic model

Probabilistiska mnesmodeller topic models är en mångsidig klass av modeller för att estimeras mnessammansättningarna i stora corpusar Applikationer finns i ett flertal vetenskapsområden som teknik naturvetenskap samhällsvetenskap och humaniora I denna avhandling presenteras nya effektiva och parallella Markov Chain Monte Carlo algoritmer för Bayesianska mnesmodeller De presenterade metoderna skalar väl med storleken på corpuset och kan användas för flera olika mnesmodeller och liknande modeller inom språkteknologi De presenterade metoderna är snabba effektiva skalbara och konvergerar till den sanna posteriorfördelningen Dessutom presenteras en mnesmodell för högh dimensionell textklassificering med tonvikt på tolkningsbar dokumentklassificering genom att använda en kraftigt regulariserande priorfördelningar Slutligen utvecklas en mnesmodell för att analysera agenda och framing för ett förutbestämt ämne Med denna metod analyserar vi invandringsdiskursen i Sveriges Riksdag över tid genom att kombinera teori från statsvetenskap kommunikationsvetenskap och probabilistiska mnesmodeller

Methods in Urban Analysis Scott Baum, 2021-06-05 This book highlights major quantitative and qualitative methods and approaches used in the field of urban analysis The respective chapters cover the background and relevance of various approaches to urban studies and offer guidance on implementing specific methodologies Each chapter also provides links to real world examples The book is unique in its focus on Australian examples and subject matter presented by recognized experts in the field

Navigating Ethics in Behavior Analysis R. Nicolle Carr, 2025-11-25 Navigating Ethics in Behavior Analysis considers the elusive topic of ethics in the professional context of behavioral analysis Students often assume their Applied Behavior Analysis Ethics class is going to be an easy A that it takes no more than common sense and a good moral

compass to determine the line between right and wrong But as they quickly learn ethics are different from laws morals and common sense and when a variable is modified from how it was originally learned students can be at a loss for how to critically think through the situation Drawing from her extensive experience in both teaching and practice Nicolle Carr highlights the importance of critical thinking when considering questions of ethics in behavior analysis She examines the history and creation of the Behavior Analysis Certification Board s BACB current ethical code before exploring well known and novel approaches to navigating the ethical decision making process with added emphasis on contextual understanding These approaches are then applied in real world scenarios in schools clinics homes residential facilities higher education and within Organizational Behavior Management Carr concludes by walking the reader through the process of an ethical violation from trying to solve an issue alone and ensuring the person falls under the BACB s jurisdiction to submitting the appropriate documents and what to expect as the process continues Delving into the ethical curiosity created by grey areas that play out daily in the world of behavior analysis this book will be an essential resource for students of behavioral analysis ethics as well as fully certified behavioral analysts

NTA UGC NET Paper 1 Topic-wise 52 Solved Papers (2020 to 2004) 2nd Edition Disha Experts,2021-02-04 Smart Applications and Data Analysis Mohamed Hamlich,Ladjel Bellatreche,Anirban Mondal,Carlos Ordonez,2020-06-04 This volume constitutes refereed proceedings of the Third International Conference on Smart Applications and Data Analysis SADASC 2020 held in Marrakesh Morocco Due to the COVID 19 pandemic the conference has been postponed to June 2020 The 24 full papers and 3 short papers presented were thoroughly reviewed and selected from 44 submissions The papers are organized according to the following topics ontologies and meta modeling cyber physical systems and block chains recommender systems machine learning based applications combinatorial optimization simulations and deep learning

NTA UGC NET Paper 1 Topic-wise 50 Solved Papers (2019 to 2004) Disha Experts,2020-07-04 **The International Student's Guide to Writing a Research Paper** Janine Carlock,Maeve Eberhardt,Jaime Horst,Peter Kolenich,2017-06-13 The International Student s Guide to Writing a Research Paper is a reference text for undergraduate students and those in ESL or bridge courses who are writing a research paper for the first time This book is partly an update of Writing a Research Paper by Lionel Menasche 1998 and partly a companion to The ESL Writer s Handbook Each section of the book includes a discrete task called a Building Block which requires students to apply the skills learned toward the development of their own paper This step by step approach allows students to construct knowledge as they become more familiar with the process making writing a research paper a less intimidating task Special features This guide uses simple direct language for those for whom writing a research paper is new Most example writing is from international students in an ESL program or first year writing class including two sample papers one in APA and one in MLA A section on responding to instructor feedback to provide students with the tools to read and understand comments and use them to improve the first draft A subsection dedicated to constructing clear and cohesive paragraphs and

sentences The guide includes citation and style examples in MLA 8th edition *The Wiley Guide to Writing Essays About Literature* Prof. Paul Headrick,2013-10-07 This outstanding practical guide to writing analytical essays on literature develops interpretive skills through focused exercises and modeled examples The program is tailored to meet the specific needs of beginning undergraduates Features unique detailed guidance on paragraph structure Includes sample essays throughout to model each stage of the essay writing process Focused exercises develop the techniques outlined in each chapter Dedicated checklists enable quick accurate assessment by teachers and students Enhanced glossary with advice on usage added to core definitions **The Essentials of Effective Written Communication for Young Researchers and Tertiary Students**

Laura Cheng Sue Sen B.comn,2022-05-16 The scientific article must be written in a scientific format and may seem confusing for tertiary students and young researchers especially for the beginning science writer due to its rigid structure which is so different from writing humanities One of the reasons for using this format is that it is a means of efficiently communicating scientific findings to a broad community of scientists in a uniform manner Writing a technical article or research paper is a challenging endeavour for students and young researchers Publishing your first technical article or research paper requires observation of some essential guidelines Hence the purpose of this book is to provide basic guidelines to tertiary students and young researchers using this user friendly format to help in writing a scientific article This book focuses on the essential steps for the publication of a technical article and research paper for tertiary students and young researchers *The College Student's Guide to Writing a Great Research Paper* Erika Eby,2012 the required word count Quantitative and Applied Research Methodology in Economics Niranjana Devkota,Sushanta Kumar Mahapatra,2025-06-06 This book is an illustrative and comprehensive guide designed to help readers understand and navigate the complex world of academic writing and research in economics Written by experienced researchers this book offers theoretical and practical insights into the research process It provides an understanding of the foundations of the research process like research design methodology problem definition data collection and analysis among others The authors also share insights into the process of preparing proofreading and publishing academic papers With their experience in the field of academic research to this book they provide practical examples and step by step guidance to assist in research related issues The section on how to prepare and publish academic papers is a must read for students and early career researchers as it offers valuable guidance on how to succeed in the highly competitive world of academic publishing With its clear and concise writing this book will be an indispensable resource for undergraduate and postgraduate economics students teachers independent readers and early career researchers as well as those seeking a deeper understanding of research methodology in economics **Resources in Education** ,1998 *Effective Communication Skills* Kulbhushun Kumar, Globalization has brought in numerous opportunities for the teeming millions with more focus on the students overall capability apart from academic competence Many students particularly those from non English medium schools find that they are not preferred due to their inadequacy

of communication skills and soft skills despite possessing sound knowledge in their subject area along with technical capability Keeping in view their pre employment needs and career requirements the book will help the students to change their traditional mindsets from controlling to creativity to employee empowerment and organizational learning to gain skills in the language which has become the international lingua franca a language of global economy All the chapters are full of gems and rubies but the chapters based on resume writing group discussion conducting meetings interview skills grammar etc are the black pearls in the treasure trove Also the chapters are dainty detectable and delightful as part and parcel of your reading writing and speaking skills This book will surely empower students with the language and life skills they need to carry out their career goals It also provides ample opportunities for the students to build awareness and practice the language in real life scenarios Its integrated skills approach develops the students self confidence to survive and succeed in professional and social encounters within the English speaking global community
