Anatomy Physiology speaks to the way today's diverse students learn and study. In the 2nd Edition author Erin Amerman strengthens her distinctive learner-centred approach by focusing on three unique pillars. First Amerman uses art to present one concept at a time before bringing the distinct parts together in one summarising Big Picture figure. Second Amerman coaches students right when they need it beginning on page 51 where the opening module titled How To Succeed in Your Anatomy Physiology Course appears. And finally she provides students with ample opportunities to practice and develop critical thinking skills through questions about case studies and real world scenarios.
