Hill, Leigha H.

McReynolds, 2025-11-13 A collection of essays examining how armed conflict functions as a subject theme metaphor symbol or plot device in popular works of speculative fiction including novels films television and video games Speculative fiction genres such as science fiction fantasy utopian dystopian apocalyptic post apocalyptic supernatural horror superhero and alternative history is at this particular cultural moment incontrovertibly popular Despite the fact that war and its social cultural political and moral consequences are often a driving force in speculative fiction narratives exerting outsized influence on character development structuring plot and conflict and serving as a vehicle to explore various themes there has been little critical attention given specifically to the intersection of these concepts Wars We Never Fought remedies this problem as contributors analyze such popular texts as the Star Wars franchise Ann Leckie s Imperial Radch trilogy Dune Mary Doria Russell s The Sparrow and Children of God The Expanse series Captain Marvel and the Fallout game franchise These essays offer accessible and wide ranging critical insight into how and why creators of speculative fiction use war as a device within the diegetic worlds of their stories They also look at what the depictions of war and warriors within these texts suggest regarding notions such as race class gender sexuality difference sociopolitical power and other cultural values Contextualizing the culture in which these narratives are created and consumed Wars We Never Fought demonstrates how the textual dramatization of entirely fictitious wars might reflect interrogate and even structure understanding of warfare in the real world *Future Humans in Fiction and Film* Louisa MacKay Demerjian, Karen F. Stein, 2019-01-10 This book will

appeal to everyone who reads science fiction or thinks about science and its impact on our lives It raises profound economic ethical political sociological and psychological questions It explores our fears and fantasies as it examines a range of fictions films and TV programs that speculate about the possibilities of humans in the future The contributions here ask central questions that have provoked the creators and readers of science fiction since Mary Shelley inaugurated the genre with her novel Frankenstein What are the aims and limits of science and technology What are our responsibilities toward the products of our advancing science and technology What kinds of creatures will we produce or encounter in the future What rights will we grant to these creatures or more worryingly will they grant to us Do science and technology make us more civilized or more barbaric How should we treat each other Ultimately what does it mean to be human **The City in American**

Literature and Culture Kevin R. McNamara, 2021-08-05 This book examines what literature and film reveal about the urban USA Subjects include culture class race crime and disaster Science Fiction and the Moral Imagination Russell

Blackford,2017-09-05 In this highly original book Russell Blackford discusses the intersection of science fiction and humanity's moral imagination With the rise of science and technology in the 19th century and our continually improving understanding of the cosmos writers and thinkers soon began to imagine futures greatly different from the present Science fiction was born out of the realization that future technoscientific advances could dramatically change the world Along with the developments described in modern science fiction space societies conscious machines and upgraded human bodies to name but a few come a new set of ethical challenges and new forms of ethics Blackford identifies these issues and their reflection in science fiction His fascinating book will appeal to anyone with an interest in philosophy or science fiction or in how they interact This is a seasoned balanced analysis of a major issue in our thinking about the future seen through the lens of science fiction a central art of our time Everyone from humanists to technologists should study these ideas and examples Blackford's book is wise and savvy and a delight to read as well Greg Benford author of Timescape Curious Kin in Fictions of Posthuman Care Amelia

DeFalco,2023-08-27 Over the past decade cultural theory has seen a number of turns the materialist turn the animal turn the affective turn that address the human as an affective embodied and ultimately vulnerable animal embedded in dense webs of more than human relations in short as a posthuman phenomenon Care philosophy shares this focus on embodiment and vulnerability in its insistence on interdependence as the defining condition of human life making it well positioned for a posthuman turn To this end Curious Kin in Fictions of Posthuman Care draws together contemporary narrative fictions that challenge humanist conceptions of care in their imaginative depiction of more than human affective bonds arguing for an expansion care philosophy's central figure the embodied embedded and encumbered human Fictional narratives of care between humans and robots bioengineered creatures clones nonhuman animals aliens or inanimate things highlight the limits of humanist ethical models capacity to register and accommodate posthuman relational intimacies while gesturing towards a model of care able to accommodate networked interdependencies that extend beyond the human realm Texts by Margaret Atwood Louise Erdrich Louisa Hall Eva Hornung Kazuo Ishiguro Bhanu Kapil and Jesmyn Ward along with films and television programmes like Robot and Frank Under the Skin and Real Humans depict a range of scenarios in which more than human care relations not only supersede human human relationships but suggest new human animal machine ways of being that offer novel insights into the possible presents and futures of posthuman care Curious Kin in Fictions of Posthuman Care reveals how these fictions do their own theorizing imagining the politics ethics and aesthetics of specific contextualized scenarios of posthuman contact and companionship Interweaving posthuman theory care philosophy and contemporary fiction Curious Kin in Fictions of Posthuman Care offers generative visions of care that make room for the incredible range of affects energies behaviours attachments and dependencies that produce and sustain life in more than human worlds
