

SAMPLE LETTER OF RECOMMENDATION FOR ANESTHESIA RESIDENCY

TO THE DIRECTOR OF ADMISSIONS OF MERCY HOSPITAL:

It is a pleasure to be able to write this recommendation letter to support Mr. Jared Go in his application for an anesthesia residency at Mercy Hospital. He is a high-achieving fourth year medical student who has strong skills in both surgery and postoperative care, as well as excellent experience in anesthesia as applied to different surgical contexts. I believe that his excellent attention to detail and ability to adapt quickly to new situations will make him an excellent candidate for your program.

I first met Mr. Go during his first year discussion course, where students were expected to attend medical research lectures to better familiarize themselves with the field. Mr. Go greatly impressed me with his intelligent questions, which demonstrated a strong understanding of the field as well as an ability to think logically about medical questions and their implications. He was among the top 5% of his graduating class, and his ability to quickly learn new techniques has drawn him admiration from classmates and supervisors alike. He has a deep understanding of human physiology and neurology, and I know he will put his skills to great use as an anesthesiologist.

In addition to his technical skillset, Mr. Go is also an excellent team player, as demonstrated during his anesthesia rotation in medical school. He worked very well to support the rest of the medical team, able to predict and discern the need for action without any verbal cues. He also has excellent patient bedside mannerisms which put patients and families at ease during procedures. I have every confidence that Mr. Go will continue to hone and develop his outstanding medical skillset, and I highly recommend him to you without any reservations.

Sincerely,
Bob Jones, MD
Professor of Medicine

Integrating Racial Justice Into Your High-School Biology Classroom David Upegui,David E. Fastovsky,2023-09-12 In this guide educators and authors David Upegui and David E Fastovsky offer a pedagogical prescription for how you can integrate the study of racial justice with evolutionary biology in your existing high school biology curriculum Designed as a practical manual for teaching the chapters focus on teaching concepts of equity through evolutionary biology modules a cornerstone for building students scientific understanding of biotic diversity The book provides pedagogical components alongside historical and scientific components with contextual chapters that give teachers the background knowledge to understand the historical relationship between science and racism for topics such as natural selection social justice and American slavery and colonization Ready to use lesson plans are situated in a historical and theoretical context of science as it relates to racial oppression and demonstrate how rigorous science education can lead to your students liberation and personal empowerment despite the historically problematic history of some applications of science These lesson plans and classroom exercises are presented in a way that introduces the timely extra dimension of anti racism into the existing biology

curricula without significantly increasing teaching loads The contextual material provided allows the lessons to be implemented across a variety of classrooms regardless of initial familiarity with DEI Ideal for secondary biology teachers and their students particularly in grades 10 12 this book synthesizes timely ideas for high school educators harnessing the power of rigorous science to combat marginalization Lessons and activities have been classroom tested and are aligned with three different standards Next Generation Science Standards NGSS College board AP Biology Vision and Change and use the 5E format
