Near Enemies of the Truth Christopher D. Wallis, 2023-11-14 Tantric philosopher and Oxford scholar Christopher Wallis calls out the seemingly helpful spiritual teachings dominating our current culture and demonstrates how these near truths stand in the way of a more radically free and meaningful life and ultimately a deeper spiritual awakening Have you ever been told You create your own reality Have you been encouraged to be your best self or follow your bliss Nowadays these slogans are everywhere but what if they're doing more harm than good After over thirty years as a scholar practitioner of meditation and Tantric philosophy acclaimed author Christopher Wallis also known as Hareesh explores the most widespread distortions of spiritual teachings present in our world today Rooted in the Asian wisdom traditions Wallis's book uncovers why these oft heard platitudes are near enemies to the truth often detour us off the spiritual path and can even cause unnecessary suffering In asking us to question what we've accepted as truth Wallis reveals how teachings like become the best version of yourself may have helped us at one stage in our journey but can ultimately lead us away from self acceptance and compassion and cause us to prioritize an imagined ideal over true intimacy with reality Understanding the near enemies is vital for any spiritual seeker who is ready to create a deeper more fulfilling practice and will help you Distinguish between truth and belief Communicate more authentically with loved ones Set healthier boundaries Be in greater harmony with reality Practice radical self acceptance Near Enemies of the Truth offers itself as a guide to the pitfalls of the spiritual life However it doesn't focus on the negative In each chapter after pointing out how a spiritual teaching can be construed in a non beneficial way Wallis focuses on the deeper truth and ancient wisdom underlying that teaching which is often obscured by its popular bumper sticker version Each chapter contains a supportive insight for your spiritual process and or for your everyday life including guided meditations and reflections Written in a gentle and encouraging tone this book offers a wealth of insight and guidance for anyone who finds themselves struggling reaching a spiritual plateau or simply seeking a more meaningful way forward This timely companion will help you think differently and see through the smokescreens to what is true

The Awakening Coast Karl Offen, Terry Rugeley, 2014-06-01 The indigenous and Creole inhabitants Mosquitians of African descent of the Mosquito Reserve in present day Nicaragua underwent a key transformation when two Moravian missionaries arrived in 1849 Within a few short generations the new faith became so firmly established there that eastern Nicaragua to this day remains one of the world's strongest Moravian enclaves The

Awakening Coast offers the first comprehensive English language selection of the writings of the multinational missionaries who established the Moravian faith among the indigenous and Afro descendant populations through the turbulent years of the Great Awakening of 1881 to 1882 when converts flocked to the church and the mission's membership more than doubled. The anthology tracks the intersection of religious, political, and economic forces that led to this dynamic religious shift and illustrates how the mission's first fifty years turned a relatively obscure branch of Protestantism into the most important political and spiritual institution in the region by contextualizing the Great Awakening Protestant evangelism and indigenous identity during this time of dramatic social change. **The Spirituality of the German Awakening** August Tholuck, 2003

This volume introduces readers to the faith and work of four figures of the 19th century revival movement called the German Awakening: August Tholuck 1799-1871, Johann Hinrich Wichern 1808-1881, Theodor Fliedner 1800-1864, and Friedrich von Bodelschwingh 1831-1910. The German Awakening engendered a spirituality that fostered human kindness grounded in awakened faith and gave it the shape of loving service to society. This remarkable and unique scholarly contribution translates the majority of its materials for the first time in English, includes a variety of spiritual genres: sermons, hymns, commentaries, mission statements, etc. *Thy Gods Awaken* Anthony C. Valiulis, 2024-06-04

The gods the One and the Four are at war. What they don't know maybe because they have been sleeping for millennia is that two immortals are trying to usurp their power. Kayla, a human girl, is at the center of this plan. On the eve of her eighteenth birthday when she and her twin are planning on running away to start a new life, Kayla is abducted, assaulted, and then lost in the Land of the Two Suns. And much to her dismay, everyone is trying to find and control her. Her new life has finally begun but not in the way she dreamed. *Awakening The Slumbering Spirit* John Loren Sandford, Paula Sandford, Lee Bowman, 2012-09-20. Have you ever longed to do something great for God but lacked the ability to put feet to your longings? Have you tried to overcome your lack of passion for God or the things of God but felt harnessed by spiritual lethargy? Do you want to impact your world for God? This book unveils the possibility that your own inner spirit may be slumbering, unfocused, even apathetic because of unresolved spiritual issues. It shows how this can affect your conscience or hinder you from building and sustaining personal relationships, intimate communication, and devotional life. As you read this uniquely written book, you will find life-transforming principles for allowing the Holy Spirit to awaken your personal spirit and help you learn to walk confidently in the nature and image of Christ. **Awakening to One's Conscience** Art Aeon, *Awakening to One's Conscience: Inner*

Journey into Human Nature 3 by Art Aeon is a fictional narrative poem in the tercet stanza. It unfolds imaginary dialogues between the character Homer, Odysseus the bard of *The Odyssey*, and the character Odysseus, the protagonist of *The Odyssey*, in a numinous dream of the epic poet. Following Helen's crucial revelation of the human causes of the Trojan War at her death, Odysseus and Penelope take on intrepid adventures to the ruins of Troy. On the way, they meet the characters Idomeneus in Crete, Diomedes at sea, Chryseis in Thebes, Tecmessa, and Telamon in Troy. Overcoming many formidable adversities, Odysseus

and Penelope eventually fulfill Helen's last wish to be united with Paris in Troy even as ashes. But they are captured by the new Trojan king Helenus. In magnanimous foresight, Helenus sets free his worst foe Odysseus to serve Aethon, a holy sage at the shrine in Mt Ida. Odysseus pursues a new life as a humble hermit with sincere repentance of his past life. Penelope becomes a trusty friend to the queen Andromache in Helenus's new kingdom. Eventually, Odysseus finds a lad who is identified as the son of Helen by Paris, called Ganymede. He succeeds to Helenus's kingdom. After Aethon's death, Penelope succeeds him as the new spiritual leader in Mount Ida. Odysseus leads an international school in Mount Ida dedicated to training young future leaders of peoples for enlightenment, peace, and prosperity of humanity. Odysseus relates to Homer, Outis, what he and Penelope learned from wise Aethon about the wisdom and theology of ancient Egypt. They realize that personified deities are not real entities but mere wishful illusions invented by humans in their minds. Eventually, Homer, Outis, becomes enlightened; he confesses to Odysseus that he has been misled in proud vanity to follow guileful minstrels who abused hoax muses as their poetic conceits to justify their travesties of absurd divine affairs. He vows to sing of the plain truth deep from his pure conscience without the poetic conceit of hoax muses. Odysseus and Homer, Outis, become mysteriously transfigured into one enlightened being. At this moment, the earnest and conscientious bard Homer, Outis, wakes up from his spiritual dream inspired afresh to write a new epic, *Inner Journey into Human Nature*.

The Awakening Alicia Ashley, 2008-04-01. This book aims to show readers the actions they must take to start attracting the life they want. Ashley explains the three powerful steps necessary for success: how many people sabotage their success and why, and finally how to change those negative behaviors.

Amplification Meditation: The New Science of Awakening Adam "Zero" Wagner, Are you a textbook overthinker? Does your mind constantly run? Does it make it hard to fall asleep? Did you know you can control the mind? Did you know that it has an off switch? I know I was pretty mad, no one ever told me until now either. Six simple steps can guide one to master the mind. It will lead them to enlightenment. It is to turn the mind off. Is this world the way it is because you asked yourself and indeed it is. Or is it the way it is because someone told you how it was and you believed them? The truth has been written down hundreds of times before, but those books don't work. The answer is the present moment; it is the now you have been preached. We just have not been taught to sustain it. Sustainability and the translational divide between the enlightened and the common mind masses is what Wagner tackles in this revolutionary guide. In this genre-defining self-help guide, a normal burnt-out depressed man cuts through the crap to show us how to Awaken so that we can truly become better, happier people. For decades we've been told that an enlightened person is Peaceful and Serene, Loving, Kind, and Compassionate, Not Self-Centered, Emotionally Stable, Patient, and Understanding, Humble, Insightful, and Open-Minded. Complete bullsh*t. Adam Wagner says, "This book outlines a process that can guide one to enlightenment. The language surrounding enlightenment is fanciful and misleading. Enlightenment is to stop the mind. To stop your thoughts. As simple as that." *Amplification Meditation: The New Science of Awakening* is his antidote to the typical work

sleep work die lifecycle we find ourselves in as a society It is his way out Wagner makes the argument backed both by academic research and well timed cannibalism jokes that Enlightenment hinges not on our ability to embrace the power of now but on being able to turn off the brain Human beings have collectively suffered enough We have never been taught to stop our minds An active mind is highly encouraged We were educated for 18 years and then sent into the world to think ourselves into a better life No one ever mentioned the off switch You will have strong feelings I am wrong and that to turn it off would be extremely detrimental Wagner makes clear This is your ego snarling at an idea that is very threatening to it To stop the mind is to kill the ego A much needed grab you by the shoulders and look you in the eye moment of real talk filled with entertaining stories and profane ruthless humor Amplification Meditation The New Science of Awakening is a refreshing slap for a generation to help them begin a great awakening We discuss Eckhart Tolle Leo Guru Allan Watts and all the modern spiritual culture that has us so lost Your rating and reviews will be very helpful to me going forward If you enjoy the book please consider rating and reviewing Thank you kindly They will be released for free to spread awareness Please share them where you can
