Myka T. Clemens,2014-01-09 It has always seemed very strange to me that soooo many people can go through their whole life in a kind of trance As the saying goes They live in the land of Denial I visited there for about thirty years and I must say that when the fog finally lifted it really was a sort of relief No more lying covering up or denying the truth No more delusions of the way that you wish things were and pretending to the world that this is the way that things are I guess it was also saddening how much time was lost and how things could have been different if only you were conscious of them Why do we live a life of lies There are probably as many reasons as there are people We live a lie for love money wealth fame security etc etc We have to play the game of life the way society or our families dictate so as not to disappoint Our whole lives revolve around pleasing others and getting them to accept us Isn't that whole concept a lie I've always hated lying but now I do it on a regular basis I see why people do it because it gets easier over time I can barely tolerate someone who always lies to get what they want or to make themselves seem better than they really are It's one thing to have someone lie to you and you aren't aware of it and it's a whole different thing when you catch someone lying and they won't own up to it That's pretty much IT for me I guess that's why I have some stress issues It takes A LOT of self control to keep yourself from smashing someone in the mouth I read a little saying a while ago which said Sarcasm because it's illegal to beat the shit out of someone I truly love and agree with this
