Informed by research from a number of related fields, the handbook includes four sections. Section II examines emotions and emotion regulation in classroom settings, addressing specific emotions (enjoyment, interest, curiosity, pride, anxiety, confusion, shame, and boredom) as well as social-emotional learning programs. Section III highlights research on emotions in academic content domains (mathematics, science, and reading/writing) and contextual factors (classroom, family, and culture) and teacher emotions. The final section examines the various methodological approaches to studying emotions in educational settings.
