A Unifying Theory of Evolution Generated by Means of Information Modelling J. Brender McNair,2016-09-13 Stringent ways of thinking conceptual frameworks are necessary in science The drawback is that the associated assumptions concepts rules and practice may become so deeply entrenched that they turn into tacit knowledge and hence give rise to constraints in scientific thought and practice that is a new kind of plethora that seriously blinds and thereby hampers scientific progress This book A Unifying Theory of Evolution Generated by Means of Information Modelling presents a methodology for describing complex knowledge domains It applies a template information model based on a dynamic structure of interrelated functions called the Mereon Matrix Application of this template model to the field of evolutionary theories enabled the unification of the sometimes chaotic and competing field of evolutionary theories large and small seamlessly in a shared framework The author has Masters degrees in both biochemistry and computer science as well as a European Doctorate and PhD in health informatics and has spent 35 years in full time research It is her particular combination of professional experience and expertise together with the template information model which has enabled her to write this book Whilst primarily aimed at a scientific audience and evolutionary biologists in particular the book will be of interest to all those looking for new approaches to exploring and explaining phenomena in nature and because the text is largely non technical in nature much of the content will also be accessible to a wider readership

Treasure in Earthen Vessels Jimmy Neff,2025-06-24 Unlike most local church histories oozing with self congratulations Treasure in Earthen Vessels is an honest critical assessment of a rural congregation that built a small unpretentious church in a community that subsequently withered under the strain of economic realities and labor saving technologies In September of 1919 two Baptist families met in an old creaky three room wooden schoolhouse to organize a church in the newly established community of McAdoo Texas This book details the contributions of legacy families committed to living a simple Christian life through the struggles and joys of a rural Baptist congregation The congregation also must navigate the geographical social cultural political religious economic and technological forces often arrayed against them By exploring the contextual history of this Baptist congregation as a case study the book not only chronicles what happened to rural churches and communities experiencing the depopulation of the Great Plains over the past century but also why a cherished way of life simply vanished
