2014 Waec Geography Answer:

Assessment in Geographical Education: An International Perspective Theresa Bourke, Reece Mills, Rod Lane, 2022-02-27 In recent years there has been increased attention paid to the importance of assessment in Geographical Education the chosen subject for this book Assessment is an important tool for collecting information about student learning and for providing timely data to inform key stakeholders including students teachers parents and policymakers To be effective assessment needs to be valid reliable and fair Validity is about ensuring that we assess what we claim we are assessing Reliability is about measuring performance and understanding in a consistent way Without validity and reliability assessment is unlikely to provide equitable opportunities for students to demonstrate what they know and can do As geography educators it is therefore important that we identify the core concepts and skills in geography that we want students to master We need a clear understanding of what the progression of learning looks like for each concept and skill so we can develop fit for purpose assessments that track and improve student learning While there is a substantial literature on evidence based assessment in secondary school contexts research exploring best practice assessment in geography is rare This is a concern given the distinctive nature of geography and the important role of assessment in the learning process This scholarly collection seeks to address this issue by connecting research in educational assessment with the domain of geography The chapters are written by leading researchers in Geographical Education from across the globe These chapters provide examples of innovation through the collective voices of geography teacher educator scholars from across Australia USA South Korea Germany Switzerland and Singapore What unifies the work in this book is that each chapter focuses on a key feature of the discipline of geography providing scholarly examples of evidence based practices for assessing student s knowledge and skills

WAEC in Review Benjamin Freeman Jr., 2014-11-07 WAEC in Review is a practical intervention strategy in transforming the weakening educational system of Liberia where academic excellence is unceasingly diminishing LIPACE Pilot Study Guide is not only a landmark achievement in the educational history of Liberia but a remarkable strive towards the proper preparation of Liberian students for future diets of the WAEC exam As a member of the National Committee of the West African Examinations Council and a Stakeholder in the Liberian Education System I wish to recommend the use of this study guide to adequately prepare each and every Liberian student for future examinations thereby setting the stage for an easy transition to the emerging West African Senior Secondary Examinations WASSCE I am explicitly confident that you will definitely find your journey through this guide very rewarding as you prepare to sit the next WAEC Exam David S Massaquoi Sr director of Education The Salvation Army Liberia Command Education Secretariat Our students sit the exam in constant fear of proctors and supervisors They know nothing about the exam and its structure and this fear lead to them failing massively We need to build the confidence level of our students and help them to study hard and understand the roles of proctors and supervisors to stop the intimidation during the exam Thanks to LIPACE and the Turning

the Tide project we have helped our students achieved an amazing achievement for the first time in the history of Gbarpolu County where all senior students successfully passed the exam Lartey Bemah principal of Bopolu Public School 2012 2013 Gbarpolu County Liberia

Data for Learning World Bank Group,2017-09-21 Data are a crucial ingredient in any successful education system but building and sustaining a data system are challenging tasks Many countries around the world have spent significant resources but still struggle to accomplish a functioning Education Management Information System EMIS On the other hand countries that have created successful systems are harnessing the power of data to improve education outcomes Increasingly EMISs are moving away from using data narrowly for counting students and schools Instead they use data to drive system wide innovations accountability professionalization and most important quality and learning This broader use of data also benefits classroom instruction and support at schools An effective data system ensures that education cycles from preschool to tertiary are aligned and that the education system is monitored so it can achieve its ultimate goal producing graduates able to successfully transition into the labor market and contribute to the overall national economy *Data for Learning Building a Smart Education Data System* and its forthcoming companion volume shed light on challenges in building a data system and provide actionable direction on how to navigate the complex issues associated with education data for better learning outcomes and beyond *Data for Learning* details the key ingredients of successful data systems including tangible examples common pitfalls and good practices It is a resource for policy makers working to craft the vision and strategic road map of an EMIS as well as a handbook to assist teams and decision makers in avoiding common mistakes It is designed to provide the how to and to guide countries at various stages of EMIS deployment A forthcoming companion volume will focus on digging deeper into the practical applications of education data systems by various user groups in different settings
