Lifelong Motivation and Foreign Language Learning Bérénice Darnault, 2025-02-05 This book traces the motivational dynamics embedded

within lifelong foreign language learning trajectories examining the factors which generate and sustain motivation throughout a learner's life Embracing a complexity approach it views motivation as a long term individual process that evolves along a narrative continuum developing over the course of life personal experiences choices and events This narrative inquiry delves into the captivating and unique experiences of three exceptionally motivated older adult learners who have embarked on a lifelong foreign language journey and maintained their momentum after 60 It will be relevant to researchers interested in third age language acquisition L2 motivation and the impact of additional language learning on wellbeing It also offers pedagogical guidance to optimise language education quality through better appreciation and anticipation of the autonomous third age learning experience

Inclusive Theory and Practice in Special Education van Rensburg, Henriette, O'Neill, Shirley, 2020-01-03 Inclusive education retains significant complexity associated with creating a definition and there is significant importance within the surrounding narratives reflecting the broader definitions Due to the flexibility within the definition investigating current practices across an array of definitions becomes essential to developing best practices in special education Inclusive Theory and Practice in Special Education is an essential research book that examines current shifts in the field within the overarching philosophy of inclusion and inclusive education It reports recent research that focuses on the experiences of teachers and students in classrooms and ways of enhancing the practices of

inservice teachers and early career teachers as well as the preparation of preservice teachers Besides presenting research from these perspectives it also addresses a selection of broader issues that impact on policy and curriculum thus identifying related concerns including those of the wider community Highlighting a wide range of topics such as learning disabilities student mobility and early childhood education this publication is ideal for researchers professionals administrators curriculum designers academicians policymakers and students

Digital Pathology Yves Sucaet,Wim Waelput,2014-07-22 Digital pathology has experienced exponential growth in terms of its technology and applications since its inception just over a decade ago Though it has yet to be approved for primary diagnostics its values as a teaching tool facilitator of second opinions and quality assurance reviews and research are becoming if not already undeniable It also offers the hope of providing pathology consultant and educational services to under served areas including regions of the world that could not possibly sustain this level of services otherwise And this is just the beginning as its adoption by the also rapidly emerging fields of medical systems biology and 3D tissue imaging indicate This work describes how digital pathology not only has the potential to dramatically impact medical education and the delivery of health care but also to exert an immensely positive influence worldwide including in countries and regions that normally fail to benefit from such technological advances

International Human Resource Management Michael Dickmann,Chris Brewster,Paul Sparrow,2016-02-19 International Human Resource Management provides a concise overview of the rich HR landscape in Europe to help students develop cutting edge people management approaches The innovative multi disciplinary approach of the book provides a holistic picture of the key issues on the individual organizational and societal levels The book is divided into three parts Part I explores the institutional and economic contexts that organizations face in different European countries This section goes beyond exploring issues of diversity to include a discussion of the impact of the recent financial crisis Part II concentrates on the key challenges and trends facing HR including an aging population migration and sustainability and analyzes the unique and inventive ways these are addressed in different countries across Europe Part III focuses on the fundamental HR areas recruitment and selection performance management and rewards employment relations global careers and so forth and the ways in which these policies and practices are shaped by the European Union With broader coverage the latest thinking in the field and cutting edge cases examples and insights this book will prove a highly valuable resource for students researchers and practitioners working in human resource management and international business
