European Integration

Perspectives in Times of Global Crises Andreas Kellerhals, Tobias Baumgartner, Corinne Reber, 2023-04-06 With its White Paper on the Future of Europe the European Commission initiated a debate on fundamental reforms of the Union's structures in 2017. The paper outlined five reform scenarios ranging from a reduction and refocusing of the EU's competences to deeper integration in the spirit of a United States of Europe. However, the White Paper ultimately had no tangible impact as none of the proposed scenarios were implemented. Nevertheless, current global challenges including health crises, climate change, energy resource management, shifting global power dynamics, and related security issues underscore the growing need for a strong and united Europe. The idea of an ever closer union, as enshrined in the preamble of the 1992 EU Treaty, could be experiencing a revival. Against this backdrop, the 13th Network Europe Conference examined the significance of the European integration project in times of global crisis. Discussions focused on key policy challenges, the EU's relationships with its eastern and southern neighbors, and its role in relation to global actors such as China and Russia. The publication features contributions from Michael Ambühl, Jelena Ceranic Perisic, Viorel Cibotaru, Christelle Genoud, Christos V. Gortsos, Iris Goldner Lang, Nora Meier, Peter Christian Müller, Graff Eva, Pils Clara, Portela, and Peter R. Rodrigues. Network Europe was founded in 2003 by the Europa Institute at the University of Zurich with support from the Swiss government. It serves as a forum for scholarly exchange on legal and political aspects of European integration, bringing together researchers from across Europe.

Coverage of various key developments includes the recent pay-for-delay antitrust investigations, the perennial issues around parallel trade, and an examination of mergers among pharmaceutical companies and medical devices manufacturers. In addition to the legal analysis, it offers vital economic and business perspectives to ensure that the reader has the full range of tools with which to prepare for cases and conduct transactions within the pharmaceutical industry.

The Report: Myanmar 2017 Oliver Cornock, 2017. In recent years, trade and investment in Myanmar have soared, buoyed by ongoing efforts to liberalise the economy and a successful political transition in November 2015 that saw the National League for Democracy become the country's first civilian-led government elected to power in modern history.
