Helming,2021-01-02 God Gave Us Beauty from Ashes Naomi Smith,2015-04-02 At each attempt to make a life changing transition the authors family secrets would scream to come out Her need to protect those nearest her would keep her life normal but tormented on the inside Her poignant portrayal of a God who is able to bring their secrets to the healing sunlight of His grace while loving both the victim as well as the perpetrator is a saga no one who has been touched by sexual abuse can afford to miss I will recommend this most helpful volume to many of my clients A counselor in private practice for over twenty years When I arrived at the prison I had to pass through numerous locked gates on my way to the hospital How strange and intimidating it felt to hear yet another door lock behind me as we went into the depths of the prison I couldnt help but feel a twinge of fear as the guards took us past scummy looking men hanging out in the hallways Finally we came to my fathers room and I could see him through the open door He was lying in his bed gazing at the ceiling and his face was shining He hadnt noticed that I had come so I stood enraptured wondering at the change in my Daddys countenance While I was at the prison I had a chance to talk alone with the prison doctor and was encouraged by his comments as well Your dads story needs to be told he said to me He is truly a changed man Other people need to know that God can change anybody even child molesters There are many people inside these locked doors and outside in the world who have lost hope that God would do anything for them Your fathers changed life is a testimony of Gods faithfulness to any sinner who chooses to repent

Gold in Trib 1 Douglas Anderson,2015-04-07 Gold in Trib 1 is an account of a flying hiking and gold prospecting adventure in wild present day Alaska It is the story of the exploits of two good friends and their adventures while prospecting for gold It is a factual account where possible and where not factual it is the way they would have liked it As a result readers will enjoy the book for what it is and will not take it so seriously as to dash off with expectations of finding their fortune There is still much gold in Alaska but Douglas may have made discovering the Glory Hole wherever it may be sound somewhat easier and more financially rewarding than it really was **Protected** Vannetta Chapman,2015-05-14 From the beginning this case is not what Erin Jacobs expected When Erin receives a desperate call in the middle of the night she thinks she is rescuing an animal Erin Jacobs doesnt t hesitate to jump into rescue mode when she receives a desperate call in the middle of the night As owner of the Noah s Ark Animal Shelter it s her job to rehabilitate and find new homes for animals But from the moment she answers the phone she knows that this case is different A woman s frantic plea Directions to a deserted hunter s cabin The demand that she come alone All culminate into the moment when she is standing on a dilapidated porch in the middle of the woods and looking down into a washtub at an infant child Erin s life changes irrevocably in that moment She finds herself ensnared in a web of confusion that includes a mother who has lost all hope an orphaned child millions of dollars and a father who might do anything to get his hands on the money Social worker Travis

Driving After Class Rachel Heiman, 2015-01-16 A paradoxical situation emerged in the late 1990s the dramatic upscaling of the suburban American dream even as the possibilities for achieving and maintaining it diminished Driving After Class explores middle class anxieties and suburban life during those years Drawing on nineteen months of ethnographic research in a suburban New Jersey town as McMansions sprouted up next to subdivisions of moderately sized colonial style homes and infrastructural essentials like schools and roads became overburdened each chapter throws into relief subtle gradations within the middle class and among middle class sensibilities and brings to life the ways that people were reorienting themselves both consciously and unconsciously to the discursive and material displacement of postwar liberal approaches to middle class life in favor of newly dominant neoliberal logics The ethnographic moments illustrated in the book drawn from fieldwork in people s homes their town hall and their SUVs reveal the ways that efforts to appease feelings of insecurity whether through place making practices childrearing strategies or had to have purchases often made people and their neighbors feel and be less secure The economics and cultural politics of the constellation of these ways of being which I have termed rugged entitlement ended up steering many children youth and parents into ambivalence about the structuring and texture of their everyday lives it is exhausting work to be strategically and persistently driving after class But more often than not unable to imagine the possibility of crafting another way of life most curbed these unsettling doubts and resolutely fueled up for the ride Provided by publisher

The Killing Consensus Graham Denyer Willis, 2015-03-21 We hold many assumptions about police work that it is the responsibility of the state or that police officers are given the right to kill in the name of public safety or self defense But in The Killing Consensus Graham Denyer Willis shows how in S o Paulo Brazil killing and the arbitration of normal killing in the name of social order are actually conducted by two groups the police and organized crime both operating according to parallel logics of murder Based on three years of ethnographic fieldwork Willis s book traces how homicide detectives categorize two types of killing the first resulting from resistance to police arrest which is often broadly defined and the second at the hands of a crime family known as the Primeiro Comando da Capital PCC Death at the hands of police happens regularly while the PCC s centralized control and strict moral code among criminals has also routinized killing ironically making the city feel safer for most residents In a fractured urban security environment where killing mirrors patterns of inequitable urbanization and historical exclusion along class gender and racial lines Denyer Willis s research finds that the city s cyclical periods of peace and violence can best be understood through an unspoken but mutually observed consensus on the right to kill This consensus hinges on common notions and street level practices of who

can die where how and by whom revealing an empirically distinct configuration of authority that Denyer Willis calls sovereignty by consensus **Unearthly** John Farris, 2015-03-24 Previously published as The Uninvited Her love is a hunger an obsession Beautiful eighteen year old Barry Brennan couldn't forget A year ago Ned Kramer her fiancé had died in a hunting accident Her grief threatened to overwhelm her until the night her car careened off an icy country road to strike a handsome stranger Naked helpless he seemed to have appeared out of nowhere Stripped of speech and memory his recovery would begin only when Barry roused him from his coma took him home to her family and urged him to recall his name She would be bound to him by a love deeper more compelling than any she had ever known Then the truth would pour out in a rain of blood and terror he has opened the door to something UNEARTHLY
