Robert, 2023-10 What happens if your exchange program with another alien planet gets hijacked by a warrior that says your contracted host is a criminal. And you're required to help him infiltrate and apprehend them or else. Well I guess that's what happened to me but it was difficult to know who to trust when being a human meant I was treated like a second class alien and injected with nanobug trackers like a criminal myself. All of that would be pretty difficult to handle if I was doing it on my own but I wasn't the only one to get roped into this mission and the warrior assigned to protect me during my mission was not only hot but used to be commander of this ship before he was defeated by the current necia warrior in charge.
