

A romantic couple is shown from behind, embracing on a sandy beach. The man is wearing a white t-shirt and blue jeans, and the woman is wearing a white dress with a blue and white patterned sleeve. They are looking out at the ocean. On the right side of the image, there is a large, decorated Christmas tree with red ornaments, white stars, and pinecones. The background shows a calm sea and a rocky coastline under a clear sky.

Scott Fitzgerald Remembered** Jackson R Bryer,Richard Reisinger,2025-02-04 Personal reminiscences of Fitzgerald many previously unpublished by those who knew him allowing the reader to construct a composite biography Fitzgerald once wrote There never was a good biography of a good novelist There couldn t be He is too many people if he s any good Since his untimely death in 1940 Fitzgerald has been scrutinized in nine major biographies each of which seeks to construct a single narrative

that conveys the biographer's interpretation of Fitzgerald. In contrast *F Scott Fitzgerald Remembered* presents over sixty first hand accounts of Fitzgerald many of them previously unpublished by those who knew him at all stages of his life from his time as an adolescent in St Paul and an undergraduate at Princeton through his meeting and marrying Zelda Sayre and his first successes the high points and increasing dissipation of the 1920s in New York Paris and the Riviera and the 1930s in Baltimore and North Carolina to his final years in Hollywood. The guiding principle is not to provide a single interpretation of Fitzgerald's life but to present these accounts in all their variety and even contradiction inviting the reader to form a biographical portrait based upon them. Making these reminiscences available to scholars students and fans of Fitzgerald is particularly timely given the centenary of the publication of *The Great Gatsby* in 2025.

Sex Before the Sexual Revolution Simon Szreter, Kate Fisher, 2010-10-14 What did sex mean for ordinary people before the sexual revolution of the 1960s and 1970s who were often pitied by later generations as repressed unfulfilled and full of moral anxiety. This book provides the first rounded first hand account of sexuality in marriage in the early and mid twentieth century. These award winning authors look beyond conventions of silence among the respectable majority to challenge stereotypes of ignorance and inhibition. Based on vivid compelling and frank testimonies from a socially and geographically diverse range of individuals the book explores a spectrum of sexual experiences from learning about sex and sexual practices in courtship to attitudes to the body marital ideals and birth control. It demonstrates that while the era's emphasis on silence and strict moral codes could for some be a source of inhibition and dissatisfaction for many the culture of privacy and innocence was central to fulfilling and pleasurable intimate lives.
