Because his philosophy addresses the very opening of ethical experience, it cannot be applied readily as a critical method to literary texts. Yet Levinas's work studied as it is with literary sources and quotations demands a literary account. With an attitude at once respectful and interrogative, closely attentive to Levinas's texts while in dialogue with readings by Derrida, Blanchot, and Bataille, *Altered Reading* shows how the thread of the literary leads directly to the internal tensions of Levinas's ethical discourse. Jill Robbins provides a comprehensive critical account of Levinas's early and mature philosophy as well as later key transitional essays. In an invaluable appendix, she includes her own translation of an important previously untranslated essay by Bataille on Levinas. *Altered Reading* will interest philosophers, literary critics, scholars of religion, and others drawn to Levinas's work. **Hunting Ghosts** Buck Weiss, 2013 What draws us to tales of the supernatural? Is it that desire to find belief and comfort in the possibility that life continues after the physical body has died and turned to ash? The recent proliferation of ghost hunting shows on TV and found footage style movies like *Grave Encounters*, *Blair Witch*, etc. further speaks to our own obsessions with the paranormal and the desire to find answers as they pertain to the possibility of our species' extended existence. Here's an entire anthology dedicated to that very subject. Whatever the case may be, you will certainly find what you are looking for in the tales collected in this volume. For there are dear reader nightmares that await as you prepare to take a journey through the pages collected herein. Anthony D. P. Mann Horror ETC Podcast *Terror of Dracula* You have seen all the television shows, now take a journey to the netherworld with this anthology of ghost hunting fiction. If we let it terrify us, life will not be worth living. In fact, fear is nothing more than the expectation that something bad will happen. The opposite of fear is not courage but simply the expectation that something good will happen. This is what we have to learn. This book offers some simple ways to manage fears and live life to the full. Saturday Review of Politics, Literature, Science and Art, 1893 Mohun John Esten Cooke, 1896 **Kierkegaard's Influence on Literature, Criticism, and Art** Jon Bartley Stewart, 2013 Vol 2 is dedicated to the use of Kierkegaard by later Danish writers.
