ECRM2014-Proceedings of the 13th European Conference on Research Methodology for Business and Management Studies Dr Martin Rich, Dr Anne Brown, 2014-06-16

Handbook of Children and Youth Studies Johanna Wyn, Helen Cahill, Hernán Cuervo, 2024-08-20 This second edition of the handbook gives a new scientific perspective to youth and childhood studies as multi scientific and interdisciplinary subjects which as such have not yet found their own framing in a particular discipline It provides theoretical and methodological key debates and issues that develop and add an understanding of childhood and youth research discipline from a broader perspective The Handbook on Children and Youth Studies draws on current thinking but also challenges theoretical and conceptual orthodoxies in the field drawing on interdisciplinary thinking and critical perspectives It focuses on childhood and youth to address the emerging consensus that the boundaries between childhood youth and adulthood are blurred The view that defining youth and childhood largely in terms of problem topics is out dated Instead the handbook focuses on 16 themes that are open to international perspectives and to different conceptual approaches Each theme is edited by a pair of field editors thereby capturing a plurality of views The 16 themes as a starting point are globally timely and they need scientific debates on the boundaries between childhoods youth and adulthood This handbook will meet the needs of childhood and youth researchers and the academics in the field It recognizes the changing social context of the lives of children and young people while developing theoretical frameworks and discussing about the core substantive issues of Children and Youth Studies

The Global Work of Art Caroline A. Jones, 2017-06-01 Global biennials have proliferated in the contemporary art world but artists engagement with large scale international exhibitions has a much longer history that has influenced the present in important ways Going back to the earliest world s fairs in the nineteenth century this book argues that globalism was incubated in a century of international art contests and today constitutes an important tactic for artists As world s fairs brought millions of attendees into contact with foreign cultures products and processes artworks became juxtaposed in a theater of nations which challenged artists and critics to think outside their local academies From Gustave Courbet s rebel pavilion near the official art exhibit at the 1855 French World s Fair to curator Beryl Madra s choice of London based Cypriot Hussein Chalayan for the off site Turkish pavilion at the 2006 Venice Biennale artists have used these exhibitions to reflect on contemporary art speak to their own governments back home and challenge the wider geopolitical realm changing art and art history along the way Ultimately Caroline A Jones argues the modern appetite for experience and event structures which were cultivated around the art at these earlier expositions have now come to constitute contemporary art itself producing

encounters that transform the public and force us to reflect critically on the global condition *The Order of Forms* Anna Kornbluh, 2019-11-20 In literary studies today debates about the purpose of literary criticism and about the place of formalism within it continue to simmer across periods and approaches Anna Kornbluh contributes to and substantially shifts that conversation in *The Order of Forms* by offering an exciting new category political formalism which she articulates through the co emergence of aesthetic and mathematical formalisms in the nineteenth century Within this framework criticism can be understood as more affirmative and constructive articulating commitments to aesthetic expression and social collectivity Kornbluh offers a powerful argument that political formalism by valuing forms of sociability like the city and the state in and of themselves provides a better understanding of literary form and its political possibilities than approaches that view form as a constraint To make this argument she takes up the case of literary realism showing how novels by Dickens Bront Hardy and Carroll engage mathematical formalism as part of their political imagining Realism she shows is best understood as an exercise in social modeling more like formalist mathematics than social documentation By modeling society the realist novel focuses on what it considers the most elementary features of social relations and generates unique political insights Proposing both this new theory of realism and the idea of political formalism this inspired eye opening book will have far reaching implications in literary studies Masculinities and the Culture of Competitive Cycling Jack

Hardwicke, 2023-04-06 Drawing on extensive ethnographic qualitative and quantitative research this monograph provides a novel account of masculinities in an individual sport competitive road cycling Chapters present varied analyses on male cyclists relationship with masculinity the culture of competitive road cycling cyclists attitudes toward injury management sexual minority and women s experiences in the sport and autoethnographic accounts of the author s own experiences of being involved in the sport for over ten years The author also examines how masculinity impacts male cyclists attitudes towards competition risk taking and doping practices This book will be of interest to scholars and researchers in sports sociology gender studies and masculinity studies **Citizen Media and Public Spaces** Mona Baker, Bolette B.

Blaagaard, 2016-06-10 *Citizen Media and Public Spaces* presents a pioneering exploration of citizen media as a highly interdisciplinary domain that raises vital political social and ethical issues relating to conceptions of citizenship and state boundaries the construction of publics and social imaginaries processes of co optation and reverse co optation power and resistance the ethics of witnessing and solidarity and novel responses to the democratic deficit Framed by a substantial introduction by the editors the twelve contributions to the volume interrogate the concept of citizen media theoretically and empirically and offer detailed case studies that extend from the UK to Russia and Bulgaria and from China to Denmark and the liminal spaces within which a growing number of refugees now live A rich new domain of scholarship and practice emerges out of the studies presented Citizen media is shown to embrace both physical and digital interventions in public space as well as the sets of values and agendas that influence and drive the practices and discourses through which

individuals and collectives position themselves within and in relation to society and participate in the creation of diverse publics This book will be of interest to students and researchers in media and communication studies particularly those studying citizen media media and society journalism and society and political communication Cover image courtesy of Ruben Hamelink **The Oxford Handbook of Charles Brockden Brown** Philip Barnard, Hilary Emmett, Stephen Shapiro, 2019 The Oxford Handbook of Charles Brockden Brown provides a state of the art survey of the life and writings of Charles Brockden Brown a key writer of the Atlantic revolutionary age and U S Early Republic The seven novels he published during his lifetime are now studied for their narrative complexity innovations in genre and social political commentaries on life in early America and the revolutionary Atlantic Through the late twentieth century Brown was best known as an author of political romances in the gothic mode that proved to be widely influential in romantic era and has generated large amounts of scholarship as a crucial figure in the history of the American novel *The Poet and the Antiquaries* Megan L.

Cook, 2019-04-12 Between 1532 and 1602 the works of Geoffrey Chaucer were published in no less than six folio editions These were in fact the largest books of poetry produced in sixteenth century England and they significantly shaped the perceptions of Chaucer that would hold sway for centuries to come But it is the stories behind these editions that are the focus of Megan L Cook's interest in *The Poet and the Antiquaries* She explores how antiquarians historians lexicographers religious polemicists and other readers with a professional but not necessarily literary interest in the English past played an indispensable role in making Chaucer a figure of lasting literary and cultural importance After establishing the antiquarian involvement in the publication of the folio editions Cook offers a series of case studies that discuss Chaucer and his works in relation to specific sixteenth century discourses about the past She turns to early accounts of Chaucer's biography to show how important they were in constructing the poet as a figure whose life and works could be known understood and valued by later readers She considers the claims made about Chaucer's religious views especially the assertions that he was a proto Protestant and the effects they had on shaping his canon Looking at early modern views on Chaucerian language she illustrates how complicated the relations between past and present forms of English were thought to be Finally she demonstrates the ways in which antiquarian readers applied knowledge from other areas of scholarship to their reading of Middle English texts Linking Chaucer's exceptional standing in the poetic canon with his role as a symbol of linguistic and national identity *The Poet and the Antiquaries* demonstrates how and why Chaucer became not only the first English author to become a subject of historical inquiry but also a crucial figure for conceptualizing the medieval in early modern England

Crime Fiction in the Caribbean Lucy Evans, 2024-09-18 Crime Fiction in the Caribbean Reframing Crime and Justice is the first academic book to focus on crime fiction by anglophone Caribbean writers It explores how contemporary writers experiment with the crime genre in order to convey contextualize and comment on crime and justice in Caribbean countries Lucy Evans reads crime fiction as a versatile mode of writing that can be politically engaged and that in a Caribbean context

can expose power structures embedded in the region's multi-layered history of colonial conquest, genocide of Indigenous populations, plantation agriculture, transatlantic slavery and indentured labour. This book covers fiction set in Trinidad and Tobago, Jamaica, Guyana, Barbados, Grenada and Haiti, discussing novels by Elizabeth Nunez, Jacob Ross, Marlon James, Harischandra Khemraj, Esther Figueroa, Edwidge Danticat, Cherie Jones and several others. Evans considers how fiction by anglophone Caribbean writers not only reflects upon the social realities of crime and crime control in the Caribbean but also at times contests or complicates scholarly, popular and legal perspectives. She argues that through their engagement with the crime genre, these writers raise pressing questions about what constitutes crime and justice in a Caribbean context and about accountability. Looking beyond the traditional focus of crime fiction and criminology on individual acts of wrongdoing, their fiction highlights systemic social harms rooted in the region's colonial past. Reading crime fiction through the lens of criminological research, *Crime Fiction in the Caribbean* brings the study of literary writing into scholarly debate on crime in the Caribbean. At the same time, it extends the global turn in crime fiction studies, focusing on a region that has been sidelined even in studies which examine the genre's international dimensions.

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
