Learning and Education Games: Volume Two: Bringing Games into Educational Contexts Karen Schrier

Shaenfeld, 2016 The Learning Education Games book series is perfect for any educator or developer seeking an introduction to research driven best practices for using and designing games for learning This volume Bringing Games into Educational Contexts delves into the challenges of creating games and implementing them in educational settings This book covers relevant issues such as gamification curriculum development using games to support ASD autism spectrum disorder students choosing games for the classroom and library homeschooling and gameschooling working with parents and policymakers and choosing tools for educational game development Learning Education Games Bringing Games into Educational Contexts is the second in a series written and edited by members of the Learning Education and Games LEG special interest group of the IGDA International Game Developers Association Transforming Preschool Storytime Betsy Diamant-Cohen, Melanie A.

Hetrick, 2013-06-18 According to recent research the best way to make new connections in a child's brain is by building on something already known A child who loves a book will listen to it repeatedly maintaining interest Using a selected book in a number of consecutive preschool storytimes but presenting it differently each time can help children learn new skill sets This book presents a new approach to storytime one that employs repetition with variety to create an experience which helps children connect and engage with the story on a higher level Diamant-Cohen recently awarded the 2013 ASCLA Leadership and Professional Achievement Award and Hetrick offer a year's worth of activities specifically designed to address multiple intelligences through a repetition based process Incorporating recent theories on developmental learning this book includes Scripts for 8 different books with enough activities to repeat each one for six weeks along with lists of optional alternative books Planning aids such as outlines of storytime sessions a fill in the blanks planning sheet questions for evaluation and tips for enhanced storytimes using props and crafts Detailed but straightforward explanations of theory and research that will help readers communicate effectively with parents caregivers and other stakeholders From setup to execution here's everything you need to create and implement a successful elevated storytime Different Engines Andrés

Burbano, 2023-03-31 Different Engines investigates the emergence of technologies in Latin America to create images sounds video games and physical interactions The book contributes to the construction of a historiographical and theoretical framework for understanding the work of creators who have been geographically and historically marginalized through the study of five exemplary and yet relatively unknown artifacts built by engineers scientists artists and innovators It offers a broad and detailed view of the complex and sometimes unlikely conditions under which technological innovation is possible and of the problematic logics under which these innovations may come to be devalued as historically irrelevant Through its focus on media technologies the book presents the interactions between technological and artistic creativity working towards a wider understanding of the shifts in both fields that have shaped current perceptions practices and design principles while

bringing into view the personal social and geopolitical singularities embodied by particular devices It will be an engaging and insightful read for scholars researchers and students across a wide range of disciplines such as media studies art and design architecture cultural history and the digital humanities Keys of Heaven Adina Senft,2015-02-03 Sarah Yoder is learning to help the people in her Amish community as a Dokterfraa creating teas and tinctures from the herbs she grows But her latest patient seems to have a problem that can t be resolved with Sarah s remedies a woman who in Sarah s mind would flourish anywhere other than where she lives Meanwhile as Sarah s relatives attempt a little matchmaking between her and a visiting Amish man she struggles to let God show her His choice of partner and not allow her friendship with her neighbor Henry Byler to grow into anything more Henry has seen some success as a potter since a major store commissioned his work for their catalog But the trouble is they want to market him as Amish Though he was raised in the faith and lives in Amish country Henry has never joined church and doesn t plan to Which also means despite the attraction between them he must keep his distance from Sarah But what will happen when Sarah and Henry are called upon to help a runaway whose Englisch family is blind to how lost their son has become The plant Sarah calls Keys of Heaven can grow in impossible places but it s hard for people to find their own place which creates quite a temptation for Sarah to take matters into her own hands
