Farrer,2009-06-05 This is the first in depth study of the Malay martial art silat and the first ethnographic account of the Haqqani Islamic Sufi Order Drawing on 12 years of research and practice the author provides a major contribution to the study of Malay culture Keeper Natasha Mostert,2014-09-02 From the award winning author of Season of the Witch comes a highly original martial arts thriller blending magic science chi and the greatest desire of all to live forever Adrian Ashton is a brilliant man a chronobiologist who has devoted his life to the study of chi the vital energy that runs through our bodies A gifted scientist he is also a skilled martial artist and a hunter Calling himself Dragonfly he preys on fighters and martial artists who are blessed with a strong life force draining them of their chi and making it his own But the hunter becomes the hunted when a mysterious woman enters his life A martial artist herself she belongs to a long line of Keepers women who are warriors healers and protectors When Dragonfly targets the man she loves she sets out to defeat him It becomes a fight to the death in which love is both the greatest weakness and the biggest prize *Contemporary Authors* Julie Mellors,2005-09 A biographical and bibliographical guide to current writers in all fields including poetry fiction and nonfiction journalism drama television and movies Information is provided by the authors themselves or drawn from published interviews feature stories book reviews and other materials provided by the authors publishers **The Invention of Martial Arts** Paul Bowman,2020-12-31 Through popular movies starring Bruce Lee and songs like the disco hit Kung Fu Fighting martial arts have found a central place in the Western cultural imagination But what would martial arts be without the explosion of media texts and images that brought it to a wide audience in the late 1960s and early 1970s In this examination of the media history of what we now call martial arts author Paul Bowman makes the bold case that the phenomenon of martial arts is chiefly an invention of media representations Rather than passively taking up a preexisting history of martial arts practices some of which of course predated the martial arts boom in popular culture media images and narratives actively constructed martial arts Grounded in a historical survey of the British media history of martial arts such as Bartitsu jujutsu judo karate tai chi and MMA across a range of media this book thoroughly recasts our understanding of the history of martial arts By interweaving theories of key thinkers on historiography such as Foucault and Hobsbawm and Said s ideas on Orientalism with analyses of both mainstream and marginal media texts Bowman arrives at the surprising

insight that media representations created martial arts rather than the other way around In this way he not only deepens our understanding of martial arts but also demonstrates the productive power of media discourses

Fighting Scholars Raúl Sánchez García, Dale C. Spencer, 2014-12-01 Fighting Scholars offers the first book length overview of the ethnographic study of martial arts and combat sports The book s main claim is that such activities represent privileged grounds to access different social dimensions such as emotion violence pain gender ethnicity and religion In order to explore these dimensions the concept of habitus is presented prominently as an epistemic remedy for the academic distant gaze of the effaced academic body The book s most innovative features are its empirical focus and theoretical orientation While ethnographic research is a widespread and popular approach within the social sciences combat sports and martial arts have yet to be sufficiently interrogated from an ethnographic standpoint The different contributions of this volume are aligned within the same project that began to crystallize in Lo c Wacquant s Body and Soul the construction of a carnal sociology that constitutes an exploration of the social world from the body

Body/Embodiment Phillip Vannini, 2016-04-08 The body and experiences of embodiment have generated a rich and diverse sociological literature This volume articulates and illustrates one major approach to the sociology of the body symbolic interactionism an increasingly prevalent theoretical base of contemporary sociology derived from the pragmatism of writers such as John Dewey William James Charles Peirce Charles Cooley and George Herbert Mead The authors argue that from an interactionist perspective the body is much more than a tangible corporeal object it is a vessel of great significance to the individual and society From this perspective body self and social interaction are intimately interrelated and constantly reconfigured The collection constitutes a unique anthology of empirical research on the body from health and illness to sexuality from beauty and imagery to bodily performance in sport and art and from mediated communication to plastic surgery The contributions are informed by innovative interactionist theory offering fresh insights into one of the fastest growing sub disciplines of sociology and cultural studies
