Book Chat ,1888 Armed Coexistence Stephen P. Westcott,2022-02-04 This book is the first to comprehensively explore the origins and reasons behind the Sino Indian border dispute s intractability Utilising an array of accurate maps tables archival and scholarly research this book shows how an ambiguous frontier became a contested border and how it has become relatively pacified yet remaining unresolved Unlike previous examinations however this book also provides a theoretically based explanation as to why it is so difficult for an interstate border dispute to be resolved By examining a wide range of salient actors from state leaders to the individual governing organisations to the State itself it is shown that it is usually in their interest to maintain the status quo rather than seek some form of resolution thereby ensuring that the border dispute remains intractable With both China and India shaping up to be major powers throughout the twenty first century a detailed examination of the major issue of contention between them is more pertinent now than ever *The Journal of Education* ,1890 **Journal of Education and School World** ,1895 **Vanderbilt University Quarterly** Vanderbilt University,1912 A record of University life and work **Barron's Practice Exercises for the TOEFL Test** Pamela J.
