State of the Kingdom Address David G Newby,2017-12-13 Every year since 1790 during the presidency of George Washington the President of the United States has given an annual speech to the nation That speech is known as The State of the Union Address In it he discusses the greatest problems of the nation as well as a plan to overcome them The president s speech is one that unifies the nation and encourages citizens to work together to improve the country as one people regardless of party association or general beliefs and convictions The one thing that can arguably be agreed upon by most people is that everybody wants to live in a better country and benefit from the liberties life and opportunity that the United States has to offer This is a noble cause and makes the State of the Union Address more than simply a speech It is a bond that brings people together under the red white and blue Accordingly millions of people tune in each year around the last week of January to watch the State of the Union live on television on all the major networks Undoubtedly the State of the Union is an important event The fact that the speech is an annual tradition of one of the most powerful nations in the world stresses the importance of it Countries all around the world are affected by the legislative agenda of the U S as discussed in the speech regarding economies human rights defense human aid global business trade environmental issues world health and more Given the value placed on the State of the Union one should reasonably conclude that a state of the world address is in order After all doesn t SOTU generally speaking focus mostly on the well being of the United States Of course it does Now what seems more appropriate is to have a general address concerning the physical but even moreso the spiritual state of every nation in the world That s to say that spiritual life reigns supreme and every nation is under God both in spirit and in flesh God s Kingdom Government rules all other kingdoms And that is the premise behind the State of the Kingdom Address SOKA SOKA is a parody of SOTU In a sense it is intended to awaken governments and people worldwide The LORD not only wants to show His authority and authorship on earth as the Almighty but He desires to 1 build up the Body of Christ 2 usher in the end time revival and 3 bring the people back to Him The book is intended to show people that we have gotten away from the big picture People have become so focused on the small insignificant things in life like The State of the Union as

Aldous Huxley's *Brave New World* published in 1932 we are provided with a view into a possible future that shows humanity under total control. It's a world in which babies are created in the laboratory to fit specific job functions and a small number of savages live in the restricted wild lands. *Journey to a Brave New World* uses examples of news reports and the real history not always the version taught in the classroom to show how we are being managed and manipulated to allow for a total tyrannical takeover and massive depopulation that could lead us to Huxley's vision. For over six years author David Watts has undertaken deep research into the real history of the world and the ways in which it is being manipulated toward a future that only benefits an elite few. He provides many news reports, official documents and quotes from the so-called elites to piece the puzzle together. He presents a cohesive exploration of what to expect in the future if we don't become involved in determining our own fate. *Journey to a Brave New World* seeks to help everyone to put the pieces together, deprogram and understand both how we are being manipulated and how we can change direction now.
