Ancient Flower Of Life Part2:

Connecting with the Arcturians 2 David K. Miller, 2016-12-19 This follow up to Connecting with the Arcturians contains the latest channeled teachings from Juliano the Arcturians and two Andromedan spirit guides Heylang and Gurhan. It covers topics such as embracing galactic spirituality and planetary evolution, Arcturian thoughts from a fifth dimensional perspective, the aura enhancing technique known as shimmering unity consciousness and much more. Juliano's teachings focus on personal and planetary healing and ascension, and this volume presents the most up to date information on ascension that is available, including new spiritual technologies to aid the process. Gain full understanding of the planetary healing spiritual technology known as Biorelativity and begin working with new quantum and global healing techniques and cosmic consciousness.

The Ancient Secret of the Flower of Life, Volume 2 Drunvalo Melchizedek, 2012-04-27 The sacred Flower of Life pattern, the primary geometric generator of all physical form, is explored in even more depth in this volume, the second half of the famed Flower of Life workshop. The proportions of the human body, the nuances of human consciousness, the sizes and distances of the stars, planets and moons, even the creations of humankind, are all shown to reflect their origins in this beautiful and divine image. Through an intricate and detailed geometrical mapping, Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third dimensional existence. From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the reality and the subtle energies that shape our world. We are led through a divinely inspired labyrinth of science, stories, logic and coincidence on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer Ka Ba meditation, step by step techniques for the re-creation of the energy field of the evolved human, which is the key to ascension and the next dimensional world, if done from love. This ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others and even of the planet. You may discover a memory or a fleeting reflection of yourself in the following topics: The Unfolding of the Third Informational System, the circles and squares of human consciousness, Leonardo da Vinci's true understanding of the Flower of Life and exploring the rooms of the great pyramid, Whispers From Our Ancient Heritage, the initiations of Egypt, the mysteries of resurrection, interdimensional conception, ancient mystery schools, Egyptian tantra and sexual energy and the orgasm, Unveiling the Mer Ka Ba Meditation, chakras and the human energy system, energy fields around the body, the seventeen breaths of the Mer Ka Ba meditation and the sacred geometry of the human lightbody.
