also was the sum of all previous artistic experience giving rise to a new and more extensive technique which solved many problems of which artists of past centuries did not even suspect the existence Lastly quite another mentality is manifest in the works of art of the 15th century *Venetian Painting Matters, 1450-1750* Jodi Cranston,2015 Collection of essays that focus on the Venetian style of painting and the influence of Venetian painters *The Understanding of Ornament in the Italian Renaissance* Clare Lapraik Guest,2015-11-16 In this paradigm shifting study developed through close textual readings and sensitive analysis of artworks Clare Lapraik Guest re evaluates the central role of ornament in pre modern art and literature Moving from art and thought in antiquity to the Italian Renaissance she examines the understandings of ornament arising from the Platonic Aristotelian and Sophistic traditions and the tensions which emerged from these varied meanings The book views the Renaissance as a decisive point in the story of ornament when its subsequent identification with style and historicism are established It asserts ornament as a fundamental not an accessory element in art and presents its restoration to theoretical dignity as essential to historical scholarship and aesthetic reflection **Art and Love in Renaissance Italy** Metropolitan Museum of Art (New York, N.Y.),Kimbell Art Museum,2008 Many famous artworks of the Italian Renaissance were made to celebrate love marriage and family They were the pinnacles of a tradition dating from early in the era of commemorating betrothals marriages and the birth of children by commissioning extraordinary objects maiolica glassware jewels textiles paintings that were often also exchanged as gifts This volume is the first comprehensive survey of artworks arising from Renaissance rituals of love and marriage and makes a major contribution to our understanding of Renaissance art in its broader cultural context The impressive range of works gathered in these pages extends from birth trays painted in the early fifteenth century to large canvases on mythological themes that Titian painted in the mid 1500s Each work of art would have been recognized by contemporary viewers for its prescribed function within the private domestic domain BOOK JACKET
