Annapurna Circuit Himalayan Journey:

Annapurna Circuit Andrew Stevenson, 2014-12-11 Many disenchanted Westerners have gone to the Himalayas in search of renewal but no one has written about the experience as perceptively and personally as Andrew Stevenson in *Annapurna Circuit*. A traveller all his life, Stevenson responds to people and places with an openness unique to the cultural nomad. His portraits of the men, women and children of the Annapurnas and the fellow backpackers from all over the world who intermittently shared his journey are a delight. His descriptions of the landscape and the physical hardships of the trek are enthralling. But like every travel book of real quality, this is also the result of a spiritual journey. A richly rewarding read on every level, *Annapurna Circuit* is a modern travel classic in the tradition of Peter Matthiessen's *Snow Leopard* and Andrew Harvey's *Journey to Ladakh*.

Himalayan Journeys Along the Ancient Silk Roads Pamala Wayland, 2023-12-13 In choosing this manuscript, you are entering into the realm of adventure travel, synchronicity and enlightenment. It is a rich read with stories of high altitude adventures and deep cultural immersion. It is the story of my journeys that unfolded in the Himalayas and the Asian landscapes of the Silk Roads over decades of travel, which sculpted a complex worldview. It offers a looking glass into a serpentine and deeply philosophical world filled with the textures, tastes and splendor of the Asian continent. It is an opportunity to visit this part of our human heritage, to hold a gem in your hand. The text is lined with maps and gorgeous photos that place the far-flung cultures of Asia in context where they live, where they have evolved, with the philosophies and the exchange of ideas along the trade routes that have reshaped my own worldview. It is an account of what it is possible to learn when you travel with purpose, describing encounters with shamans, hermits and wise people. The book refers to how synchronicities flow with ease when deeply engaged in the world, and as I set foot on the Buddhist path to compassion, understanding and awakening. As I crisscrossed the Silk Roads, I photographed the cultures that I was moving through and gathered an understanding of life as it is lived in indigenous, sustainable cultures. The beauty, the pageantry and the symbolism I have explained in detail, intending to impart an understanding of the ancient cultures that so richly offer us a path back to ourselves, back to our true nature. It is a beautiful read and has been described as 'stunning and gorgeous writing'.
