

Annual Learning Plan

Emily Anne Pankhurst Platt

Principles Name:

Fiona White

Name of School:

Queen's Faculty of Education

Name of Board:

Trent University

Description of Teacher's Assignment:

PROF 110 Student - Primary-Junior

PRAC 110 Teacher Candidate - Grades: 4/5 and 6

Background to Inform Professional Growth Goals, Action Plan, and Timelines:

- Teacher Candidate worked in small groups well
- Teacher Candidate helped with lessons
- Teacher Candidate was helpful with the use and knowledge of technology
- Teacher Candidate received a "good" on rapport with pupils and initiative on most recent report

Professional Learning and Growth That I Have Experienced Over the Past Year:

- Learned about the aspects of curriculum and how to use it to create lessons
- Learned how to integrate different aspects of curriculum into a single lesson
- Learned how to use different technology such as SmartBoard technology in the classroom
- Learned how to think fast and create a new plan on the spot during lessons, schedules, and other classroom activities
- Learned the structure of a day and time management for different activities in the classroom
- Became more involved and participated in classroom activities

Annual Learning Plan For Teachers Sample

Mr. Rohit Manglik

Annual Learning Plan For Teachers Sample:

International Summit on the Teaching Profession Teaching Excellence through Professional Learning and Policy Reform Lessons from around the World Schleicher Andreas, 2016-02-22 If the quality of an education system can never exceed the quality of its teachers then countries need to do all they can to build a high quality teaching force

Learning through Collaborative Research Noel F. McGinn, 2013-01-11 This book covers the seven year project involving China Germany Japan Singapore Switzerland and the US to show how collaborative research can help expand worldwide knowledge of education

Teaching in the Flat World Linda Darling-Hammond, Robert Rothman, 2015-04-17 This book will help school systems improve their teacher workforce by drawing important lessons from nations with high performing educational systems as well as from successful state experiments in the United States The authors examine common features and differences in the approaches of high performing systems that made education a top priority and developed high leverage strategies to meet their goals Their varied solutions offer valuable ideas for how to create a strong teacher and school administrator corps from recruitment and preparation through induction professional development evaluation and career advancement into leadership roles Chapters focusing on systems in Finland Ontario and Singapore are coauthored by local scholars with extensive knowledge of the history and current status for policy and practice in their nation A final chapter highlights attributes that are absolutely necessary for any education system to flourish The book will be useful to policymakers practitioners and researchers interested in strengthening the quality of teaching

How to Improve Your School Tim Brighouse, David Woods, 2005-08-10 This best selling book takes a practical look at how improvements can be made in any school It cuts through the jargon of the specialist and shows how ideas and intentions can be turned into direct actions that will help a school improve its performance and effectiveness As well as addressing

headteachers and governors the book will also provide invaluable guidance for all those who work in and with schools There are chapters on effective schools and how they have achieved their goals leadership within schools teaching and learning effectively making critical interventions to secure improvement how schools involve others to aid improvement This is a book that no school will want to be without It is essential reading for anyone involved in education Tim Brighouse is Chief Education Officer for Birmingham City Council and is a national figure in education David Woods is a Senior Education Adviser at the DfEE

Bringing Our Souls to the Classroom Rob D'Alessio,2011-03-09 This book is about affirmation based pedagogy and affirmation literacy Affirmation Mindfulness based pedagogy for learner centered teaching can make a difference in the lives of our students and our children Mindful communication is the key to building insight and professionalism when modeling behaviour to students and colleagues This book offers appropriate self awareness and communication skills development and understanding of thinking patterns to develop goal orientation and insight orientation strategies These strategies can enhance understanding of what it means to be successful by analyzing both psychological and sociological theories on approaches to the significance influence of mental health on overall well being Students can develop strategies to consider constructive options that effectively solve problems in daily life This book offers appropriate self awareness and communication skills development and information on affirmations in general By programming ourselves to be more positive in and out of the class so to our students will develop emotional and cognitive awareness and understanding bodily awareness and coordination and interpersonal awareness

Effective LEAs and School Improvement Martyn Cribb,David Woods,2006-09-07 Effective LEAs and School Improvement examines the ways in which Local Education Authorities can support and challenge schools to raise educational standards The book includes case studies of effective LEAs and interludes from heads and governors on their experience of working with LEAs Effective LEAs and School Improvement enables Local Education Authorities to learn from existing good practice and to reflect upon their current situation and plan ahead to meet future demands It is essential reading for all LEAs concerned with raising educational standards

Curriculum and Pedagogy of EVS Mr. Rohit Manglik,2022-04-22 Teaching approaches for Environmental Studies in early education

Learning Environmental Studies at the Primary Level Mr. Rohit Manglik,2023-06-23 Environmental education for primary students Includes ecosystems sustainability and pedagogy preparing students for teaching environmental awareness

Empowered Educators Linda Darling-Hammond,Dion Burns,Carol Campbell,A. Lin Goodwin,Karen Hammerness,Ee-Ling Low,Ann McIntyre,Mistilina Sato,Ken Zeichner,2017-04-03 Discover how high performing systems shape teaching quality around the world Producing highly skilled and committed teachers is not the work of a single innovative school or the aggregation of heroic individuals who succeed against the odds In high performing countries the opportunities for teachers to learn sophisticated practices and continue to improve are embedded systemically in education policies and practices Empowered Educators describes how this seemingly magical work is done how a number

of forward thinking educational systems create a coherent set of policies designed to ensure quality teaching in all communities and how the results are manifested in practice Spanning three continents and five countries Empowered Educators examines seven jurisdictions that have worked to develop comprehensive teaching policy systems Singapore and Finland the states of New South Wales and Victoria in Australia the provinces of Alberta and Ontario in Canada and the province of Shanghai in China Renowned education expert Linda Darling Hammond and a team of esteemed scholars offer lessons learned in a number of areas that shape the teaching force and the work of teachers shedding unprecedented light on areas such as teacher recruitment preparation induction and mentoring professional learning career and leadership development and more Find out how quality teaching is developed and conducted across the globe Discover a common set of strategies for developing supporting and sustaining the ongoing learning and development of teachers and school leaders See how high performing countries successfully recruit and train educators Understand why the sharing of expertise among teachers and administrators within and across schools is beneficial A fascinating read for researchers policymakers administrators teacher educators pre service teachers and leaders and anyone with an interest in education this book offers a rare glimpse into the systems that are shaping quality teaching around the world
