Porter-Stransky, 2025-10-13 Outreach and service learning to elementary and secondary schools and community
organizations that serve under represented groups URG and under represented minority URM demographics has long been a
focus of pre clinical and clinical health professions education institutions to improve individual and health related self
efficacy When health pre professional and professional students teach correct science technology engineering math and
medicine STEMM principles to youth they help to improve the health related self efficacy and cultural competency of
individuals and the community Service learning is an extension of outreach efforts defined broadly by different accreditation
councils as educational experiences in which students purposefully prepare and provide service to the community followed
by a reflection on the experience Together outreach and service learning are excellent opportunities for professional pathway
