estos jóvenes estudiosos irán más allá de lo que un día ya lejano pudieron imaginar Richard Hoggard o Raymond Williams Los estudios aquí presentados reflejan sin duda la evolución que la propia sociedad ha experimentado en estos últimos cincuenta años y exploran la relación entre las prácticas culturales la vida diaria y los contextos económicos políticos e históricos No es de extrañar que una gran parte de las contribuciones presentadas en este volumen se centren en el estudio de la lengua ya que la demanda del inglés se ha incrementado de forma considerable en los últimos años Sobresalen los análisis puramente filológicos y sobre todo los relacionados con el aprendizaje del inglés como segunda lengua Por eso destacan estudios que contemplan rasgos morfológicos léxicos o sintácticos Sin embargo el mayor número de participaciones hace referencia al ya citado aprendizaje del inglés como L2 tanto desde el análisis de materiales como desde la práctica oral o escrita Las contribuciones literarias ofrecen una evaluación teórica formal e interpretativa de distintas tendencias desde perspectivas tanto interdisciplinarias como interculturales Cronológicamente los estudios abarcan textos desde el siglo XVIII hasta nuestros días con un acento especial en los autores más contemporáneos y en el género narrativo En general estos estudios se fijan en textos concretos y los analizan desde perspectivas culturales sociológicas o psicológicas Pero abundan menos las aproximaciones desde la teoría literaria desde la técnica narrativa o como tal vez cabría esperar al tratarse de estudiantes tan jóvenes desde la aplicación de las nuevas tecnologías Por el contrario se repiten temas como los traumas heredados de la Guerra de Vietnam las cicatrices del 11 de septiembre o los problemas de género En definitiva se trata de una selección de artículos claramente prometedora que transmite la seguridad de que el futuro de la Filología Inglesa está en buenas manos y podrá experimentar una positiva evolución en los próximos años Por todo ello hay que felicitar a todos los participantes individuales y sobre todo a los organizadores del evento y editores de este volumen que han demostrado una enorme capacidad de trabajo y de saber hacer
